

## ADDITION TO HIGH SCHOOL IS CALLED MISTAKE BY KOCH

THIRD DISTRICT REPRESENTATIVE AVERS DIFFERENCE IN COST OF TWO PLANS NOT GREAT.

### MUST CONSIDER OTHERS

Congestion in Other Schools Will be Relieved if Junior High School is Built, A. G. Koch Says—Should Start at Once.

Building an addition to Appleton High school because it would cost a few thousand dollars less than a new building would be a mistake, according to Albert G. Koch, member of the board of education from the Third district. Mr. Koch believes that the future of the district schools must be considered in connection with the erection of a new building which will include junior high school features. He believes that the building should be erected near the present structure.

"You cannot figure this matter only as a dollars and cents proposition when education is concerned," said Mr. Koch. "We are second to none now so far as our high school is concerned and we should take steps to maintain our lead. An addition to the present school might save \$50,000 right now, but in the long run the purchase of another site and the erection of a building that would amply provide for all future needs would save five times as much. I believe that is the proper way to view the matter."

"If the city fathers would look at this matter as representatives of the whole city instead of from the standpoint of the individual wards, we would be better off financially and educationally."

**Difference Not Great.**  
The only difference between the cost of erecting a new building and that of building an addition, in Mr. Koch's opinion, is the cost of the land on which a new structure would be erected. While he feels that the Lawrence street site is well adapted for a high school, he believes that either the block east of the high school or the north half of the block south of the building would answer. That portion of Harris street could be closed up if necessary. The main argument in favor of the Lawrence street property is the athletic field which is provided in Jones park, but this is not a serious handicap to building elsewhere.

The cost of an extra heating plant would be saved by building close to the old building. The present arrangement with the boilers under the school is obnoxious and dangerous. There is always more or less smoke and dirt, making the fire hazard of great concern. Wooden timbers were placed under the roof instead of the usual steel "I" beams, some of them so near the chimney that they become hot at times. Should the chimney crack a dangerous fire might result. These conditions and the fact that the boilers must be crowded to capacity now argue for a change.

**Wants Junior School.**

Mr. Koch believes that the separate building erected should include a junior high school, in addition to taking care of the overflow from the senior school. If this is not done now it will mean the erection of new buildings or additions to some of the district buildings in the near future. The first and third wards already show signs of congestion. The junior high would relieve all of these schools of their seventh and eighth grades, take the freshmen out of the high school and leave the latter in a position to handle its enrollment comfortably for years to come. If a new high school is needed later, another unit could be added to the junior building and the old building could be made the junior high school.

"Why do you believe in a junior high school?" was asked of Mr. Koch.

"I believe the junior high school is needed because it gives the child a better view of life work," he replied. "Take a child through the freshmen year and he gains some idea of what trade, work or further studies he desires. A right start at the close of school life means everything to the children and I would like to see the junior high school suggestion carried out at once."

"The whole trouble among the officials," Mr. Koch added, "is that they have tried to have the school centralized and therefore could come to no agreement. The personal attitude rather than the good of the whole has set back the high school proposition more than anything else."

### PLAN SECOND BISBEE TRIAL FOR NEXT JUNE

By United Press Leased Wire  
Tombstone, Ariz.—Plans for bringing to trial the second of the Bisbee deportation cases on the first Monday in June were under way today, simultaneously with the opening of arguments in the case of Harry E. Wooton, on trial for three months.

County Prosecutor French reiterated his statement of intention to bring the so-called "blanket" case to trial on that date. The "blanket" case includes approximately 200 defendants who will be tried collectively.

The character of Charles Strickland in "Somerset Maugham's famous novel, 'The Moon and Sixpence,' is said to be based on the French artist, Paul Gauguin.

## Sen. Knox Offers Compromise Peace Resolution To Senate

(By L. C. Martin.)

By United Press Leased Wire

Washington.—The senate foreign relations committee today met in another effort to report out the peace resolution and get it on the floor for debate. Meanwhile, a new move to revive the treaty of Versailles was being started by a number of senators in both parties. Both the peace resolution and the effort to get the treaty back to the senate are political maneuvers, in the opinion of many senators.

Senator Underwood, newly chosen democratic leader, is counted on to help work up sentiment for a treaty agreement and then to go to President Wilson and urge him to re-submit the pact.

When the foreign relations committee met to take up the peace resolution, Senator Knox was prepared to submit a combination of the house resolution and earlier Knox resolutions.

## SEA FOOD SOARING TO KEEP PACE WITH INCREASED DEMAND

H. C. L. BATTLERS FIND LITTLE SOLACE IN ANNOUNCEMENT OF THE FISHING PROSPECTS

By United Press Leased Wire

Chicago.—Struggling to hold its own against the rising tide of high prices, deep sea food was at the height of its popularity in the interior today.

Sea food sold here today for approximately 25 per cent more than it did a year ago.

Fish dealers say this increase was caused by a shortage of fishermen.

"Deep sea fishermen won't work for the wages offered and even if they could get what they wanted, they wouldn't work," said a wholesale fish merchant.

"They take good paying jobs in the cities in preference to their hazardous task of dragging up fish from the ocean in stormy weather."

Consumption of fish has increased throughout the country due to meatless days during the war, dealers here said.

Rod and line experts are planning a heavy drive this summer against high meat prices.

**Lean Year for Salmon.**

San Francisco.—Would-be reducers of the H. C. L. are running in circles because salmon run in cycles. Reports today from fishing centers along the western coast is that this is to be a lean year for fishermen.

State Commissioner L. H. Darwin, of Washington, said today:

"This is the small year in the salmon cycle. I understand canneries will pay an increase of half to one cent per pound."

"In addition our fish stock is being depleted."

In Portland, Ore., it was reported that schooner owners found it difficult to man their fishing fleets and that the boats for this reason came in with small catches. Halibut and salmon were reported abnormally high and of little prospective value in lowering living costs.

In San Francisco, retail prices today showed salmon selling at 10 cents more per pounds than in 1918. The retail price was thirty cents.

## FRANCE PROTECTED AT PREMIERS' MEET

MILLERAND TELLS FRENCH DEPUTIES THAT FRENCH RIGHTS HAVE BEEN SAFE-GUARDED

By United Press Leased Wire

Paris.—"All France's interests have been safeguarded," Premier Millerand told the chamber of deputies today in reporting on the work of the peace conference at San Remo.

All the allied decisions "confirm to the agreements made during the war and since the war," Millerand said.

Frankfort and Darmstadt will be evacuated as soon as German units are withdrawn from the Ruhr and replaced by police, Millerand continued.

Regarding the inviting of Chancellor Mueller of Germany, to the inter-allied conference at Spa, the premier said revisions of the treaty of Versailles would not be discussed.

"The Turks will be allowed to remain in Constantinople," Millerand said.

"Rights of minorities, however, will be respected."

"We appealed to President Wilson to have the United States accept a mandate over Armenia, England received the mandate over Palestine."

**SOUTHWEST ON ANOTHER SPREE OF SPENDING**

By United Press Leased Wire

Chatham, Va.—John Brown's body may lie "mouldering in the grave," but the spirit of Uncle Tom's Cabin certainly is marching on.

When Dr. C. O. Pruden, president of Chatham Episcopal Institute, cancelled a lecture on Harriet Beecher Stowe, the entire faculty headed by Miss Willis, resigned.

Pruden accepted the resignations as fast as tendered. He called a meeting of the board of trustees Thursday to investigate.

The institute, a girls' school, draws its students principally from old southern families. The faculties was said to have been composed of graduates of northern universities.

Government supplies valued at \$275,000 were sold on credit to European nations last year.

## FEDERAL ARMY IS HARD PRESSED BY MEXICAN REBELS

REPORTS FROM SOUTH OF BORDER INDICATE THAT CARRANZA IS LOSING HIS ADHERENTS

By United Press Leased Wire

San Antonio, Texas.—Rebels under the personal command of General Obregon have captured Cuautla, one of the largest cities in the state of Morelos, according to advices reaching here today.

The federal battalion, Supremas Paderas, Carranza's own guards, numbering 1,000 under command of General Francisco Cruiquo, revolted while enroute to defend Cuautla, reports here said.

The federals had advanced as far as Cuernavaca and are now occupying that place, the report added.

San Antonio, Texas.—Fighting between Carranzistas and rebels has broken out in Tampico, Mexico, according to advices received here today.

Troops from the federal garrison at Vera Cruz were ordered rushed by boat to Tampico to the aid of General Francisco Murguia, Carranza commander, by Generals Gomez and here said. Murguia was reported hard pressed by the revolutionists commanded by Generals Gomez and Manuel Pelaez.

Two rebel generals, Porfirio Gonzales and Gallegos, who revolted a few days ago, were reported to have joined forces and to be marching on Matamoros, in the state of Tamaulipas, opposite Brownsville, Texas. One hundred former federal soldiers from the garrison at Mier, 80 miles south of Matamoros, were said to have joined them.

General Candido Aguilar, son-in-law of President Carranza, was recalled to Mexico City when he reached Saltillo, enroute to Chihuahua. He is reported to be on his way with troops to relieve Murguia.

Passengers arriving here today declared they were on the last train to get through from Monterey and that the railway line was cut behind them. No mail or telegrams have been received from Mexico City for two days.

**Rebels Take Town.**

Washington.—Mexican rebel forces Monday captured the town of Alvarado, on the Gulf coast, south of Vera Cruz, official dispatches to the government said today.

**Carranza Hold Shipping.**

El Paso.—Representatives of Obregonista revolutionists here today claimed Chihuahua City has been captured by their forces without bloodshed. Neither Carranzistas nor Obregonistas commented on rumors of fighting in Chihuahua City today.

Obregon followers asserted Carranza's hold on the border state was slipping.

They claimed the Juarez garrison was on the verge of revolt against the federal government and that mutiny was spreading throughout the Carranza army.

Reports to the Mexican consul here stated a federal troop train returned to Chihuahua City Tuesday after preceding a few miles northward to pick up scattered outposts. A passenger train from Juarez returned to the border after traveling fifty miles south, leaving detachments of federal troops to repair bridges.

Wire service to Chihuahua City was suspended today.

**Villa Gets Recruits.**

Chihuahua City, via El Paso.—General Alvaro Obregon, presidential candidate whose adherents started a revolt against Carranza in Sonora and other parts of Mexico, was last reported recruiting followers in the states of Michoacan and Guerrero.

General Benjamin Hill, Obregon's right hand man who escaped from Mexico City with Obregon via airplane, went into the Zapatisa rebel country in Morelos state to ally the old Zapatisa chief, Genovevo de la O, with the newest rebellion.

In Chihuahua state, the only revolt reported to date took place in Nacua, west of Santa Rosalia, where a detachment of 200 men left with the intention of joining Villa.

The famous bandit chief, with 200 followers, was reported to be awaiting developments before determining his line of conduct in regard to the Obregon uprising.

**ARREST MAN FOR DEATH OF FATHER-IN-LAW**

By United Press Leased Wire

St. Paul.—Morris Rothstein was taken by police early today in connection with the murder of his father-in-law, Samuel Mariem, 50, late last night. They were partners in a grocery.

Mariem was shot while counting the day's receipts at the cash register. Police believe robbery was not the motive, since none of the money was touched.

case than "the plaintiff is an old and well to do woman." The company received the bodies of the two husbands. These were cremated and the ashes deposited in separate compartments of an urn, given to the widow, who later ordered alterations. Now she fears the ashes became mixed.

**BODIES OF 253 YANKS ARRIVE IN AMERICA**

By United Press Leased Wire

New York.—The transport Mercury arrived here today with the bodies of 253 American soldiers dead aboard. She also carried 61 sick and wounded, 47 officers and nurses, and 734 casual troops.

She was expected to dock at Hoboken this afternoon.

The steamer Belvidere, which arrived with 1,500 Polish troops, was held up at quarantine because of a case of smallpox aboard.

**BRINGS SUIT OVER ASHES OF HER TWO HUSBANDS**

By United Press Leased Wire

New York.—The fear of discovering that the ashes of husband No. 1 and husband No. 2 had come into contact or got mixed, forms the basis of the suit of Mrs. Alvina Parbs Ahnert for \$10,000 against the United States Cremation company. Her attorneys would say nothing more about the

### CAPTURE SEVERAL TOWNS

Chihuahua City Reported to Have Fallen to Obregon's Troops—Villa Gets Recruits and Awaits Developments Before Acting

By United Press Leased Wire

San Antonio, Texas.—Rebels under the personal command of General Obregon have captured Cuautla, one of the largest cities in the state of Morelos, according to advices reaching here today.

The federal battalion, Supremas Paderas, Carranza's own guards, numbering 1,000 under command of General Francisco Cruiquo, revolted while enroute to defend Cuautla, reports here said.

**MUD THROWING AT BIG CORPORATIONS KEEPS H. C. L. UP**

BUSINESSMEN TOLD THAT THE CHANGE IN TAX LAWS WILL ELIMINATE ONE CAUSE OF DISTRESS

By United Press Leased Wire

Atlantic City, N. J.—The high cost of living may be attributed in part to "corporation baiting," President Homer Ferguson told the United States chamber of commerce at the opening of its convention here today.

"Those responsible for corporation baiting are making the most noise about profiteering," Ferguson said.

"A good deal of the increased cost of living is due to tomfoolery."

He cited railroad legislation as one form of corporation baiting.

"The nation's railroads now are in such shape," the speaker asserted, "that grain can not be hauled to market and coal can not be mined but for four days a week, because of the car shortage. Today a million tons of food in the area around Hampton Roads cannot be hauled to market."

Ferguson condemned the federal tax system and was cheered when he said the organization would poll chambers of commerce in all cities on a program for changes in tax laws.

Dealing with the high cost of living, in connection with the tax question, Ferguson said:

"One cause of the high cost of living may be eliminated by a change in our present unscientific national tax laws. Under the mistaken idea that our taxes should and can be collected almost exclusively from the wheel-to-do, war taxes on excess profits have been continued into peace with the result that credit is unduly restricted by investors putting their money into tax-free securities."

More than one thousand businessmen from all parts of the United States applauded the address.

**ARREST ONE SUSPECT IN FAMILY MURDER CASE**

By United Press Leased Wire

Turtle Lake, N. D.—Dave Hansen was questioned by authorities here today in connection with the murder of eight on the farm of Jacob Wolf last week. He is the first suspect apprehended.

Hansen was captured by a posse in the hills after he had been seen acting strangely. The posse followed him in automobiles but Hansen escaped in a gully where "slivers" could not go. After a mile chase on foot, he was roped by Clarence Nelson, an old-time cowpuncher.

The suspect denied having been near the Wolf farm.

Funeral services for all eight victims were to be conducted simultaneously today. Hundreds from all parts of McLean county were here.

**NEGRO FIGHT FOR CONVENTION SEATS**

By United Press Leased Wire

Little Rock, Ark.—Contesting negro delegates, denied seats by the executive committee in favor of white Pulaski county delegates will carry their fight to the floor when the state republican convention convenes here at two o'clock today, their leaders announced.

The convention was to elect delegates to the national convention, National delegates, with the exception of a few district delegates, were expected to go unopposed but with strong sentiments for Governor Lowden, of Illinois. Delegates from the first district were instructed for Lowden.

**CHICAGO'S WEIGHT IS REDUCED 100 POUNDS**

By United Press Leased Wire

Chicago.—The fat slicing contest between Chicago men and women super-weights was in full tilt today. Eighteen pupils under Dr. John Dill Robertson, health commissioner, have lost a total of one hundred pounds.

Two dozen men yesterday braved a typical Chicago spring rain storm to hike through parks, and wound up to a gym trying to catch a medicine ball that insisted upon hitting them in the bay window, instead of sliding right into their arms.

A strict menu has been prepared by the would-be thin Chicagoans, in addition to a program of hiking and exercising.

**FATHER ARRESTS OWN SON AS SAFE ROBBER**

By United Press Leased Wire

New Orleans.—"Of course it must have hurt father to find that I had been stealing, but I don't blame him for arresting me," was the statement of August Hyver, 18 years old, who was arrested in the Thibierge Printing plant on Tuesday by his father, Z. Hyver, a detective. The youth resigned his position there about two months ago. He retained his key to the door and used it in the burglaries. As bookkeeper, he had the combination of the safe. He declared that all the money he had taken amounted to but \$10.50.

## MILWAUKEE ELKS PLAN CELEBRATION

APPLETON LODGE WILL BE INVITED TO PARTICIPATE IN CARNIVAL NEXT SEPTEMBER

Milwaukee Elks, at a meeting Monday night, decided upon a week's celebration program from September 4 to 11, which will equal the greatest carnival ever staged in the country. It is said, David S. Rose, former mayor, is chairman of the committee on arrangements, and promises a program full of action every minute.

September 4, the opening day of the celebration, will be devoted mainly to caring for the visitors. The Elks' glee club will give a concert at the auditorium in the evening. A sight-seeing tour will be conducted on Sunday afternoon, and a second concert will be given by the glee club at night.

A grand parade of police and fire department members, city fathers, visiting delegations and other bodies will be staged Monday. An allegorical pageant will be presented at the auditorium in the evening.

The feature day will be Wednesday, when a parade of floats and groups in fantastic costume, will be staged. Other parades will be given Thursday and Friday.

Friday night a ball will be held at the auditorium for the benefit of Elks' fund. The outstanding feature of this evening will be the giving away to the lucky ticket holder, of the present Elks' club building on Jefferson street, a gift valued at \$100,000.

Appleton Elks and other lodges in the state will be invited to attend the celebration.

DANCE AT GAINOR'S HALL, MACQUEVILLE, WEDNESDAY, APR. 28. MUSIC BY GIBSON'S HARP ORCHESTRA. 4-28

## MEETING IN FAVOR OF LARGER SCHOOLS

COUNTY SUPERINTENDENT OF SCHOOLS URGES TRIAL OF CONSOLIDATED SCHOOL PLAN

A. G. Meating, county superintendent of schools, is a strong advocate of consolidated country schools on account of the increased advantages which they offer. "There are many small schools in the county," he says. "The electors in such districts have a local remedy that now becomes a patriotic duty. Close your schools for one year. Hire a responsible person from the district to drive your children daily to and from a neighboring school. Your children will have a better educational opportunity by being placed in a larger school. You will not lose your district school by so doing."

"You retain your school board, and continue to receive state and county school money, and in addition you will receive special state aid to help pay the transportation costs. If you should like this scheme so well that you would prefer to continue it, and you should organize a good consolidated school with your neighbors, your children will rise up and call you blessed. If you should not like this plan after one year, or two, or three years' trial open your own school again."

"This plan a school board can try, and should try if it has a school of less than fifteen pupils."

## BAD WEATHER HINDERING FARMER'S SPRING WORK

Farmers throughout the county are becoming discouraged over the weather conditions which have prevented them from completing their seeding. Very little work has been done on high land on account of the frequent rains and most of the low land is so drenched that it will be some time before it can be worked even under favorable conditions. Other seasons spring grain was usually coming through the ground at this time and the work of preparing corn ground was well under way.

## COMMUNITY PROGRAM NEXT FRIDAY NIGHT

Community night at First Congregational church this week will be held on Friday instead of Wednesday, as was last week's plan. The same kind of program will be given, including an organ recital by Miss Doris Brenner, community singing and a moving picture.

This week the picture will be "Rip Van Winkle." The story is taken from Washington Irving's famous novel and the play is staged in the Catskill mountains.

This method of providing wholesome amusement has been well received and it is expected that the church auditorium will be filled to capacity again. The program starts at 7:30 o'clock and is free to the public.

Appleton boys desirous of attending the cherry pickers camp at Sturgeon Bay in July may make application to Jack Payne at the Y. M. C. A. beginning Saturday. It is expected that this city will send more than 100 boys to the cherry orchards.

Appleton boys will have a camp of their own at Sturgeon Bay this summer, according to word from the state association, which is conducting the camp.

## ROAD TO GREEN BAY IN SPLENDID SHAPE

The Appleton-Green Bay run over the concrete road has become merely an evening drive since the completion of the big section of concrete road last year. According to motorists the trip to the Bay and return can be made easily in two hours. Construction of the half mile stretch still open will be started soon, it has been announced. A large number of automobiles made the trip Sunday.

## BIRD OF PARADISE IS PLEASING SHOW

HAWAIIAN LOVE STORY PLAYS TO BIG AUDIENCE AT APPLETON THEATRE LAST EVENING

"The Bird of Paradise" was played to a good house last night at Appleton theatre. It is an ardent love story fraught with emotion and thrills and was enjoyed because of its being a departure from the lighter plays that hold popular sway.

Beautiful scenery suggestive of the sunny, care-free land of Hawaii gave the play a distinctive touch, as did the presence of several Hawaiian natives in the cast of 23 characters. Customs and superstitions of the island folk were carefully woven into the plot, especially in the dramatic finish where a life was given to stop the anger of the volcano god. Miss Ann Reader playing the role of Luauan the leading character of the play, was especially deserving of mention.

Hawaiian music and songs featured each act, part of the music being rendered softly behind the scenes during the intensely dramatic moments of the play, of which there are many. Something of the revolutionary period when Hawaii underwent a change of government also presents itself.

## DIAMOND SALES ARE BIGGEST IN HISTORY

LOCAL JEWELER AVERS DEMAND IS FOR BEST QUALITY OF JEWELS AND JEWELRY

Despite the war, the restrictions on gold, the falling off of gem imports, and even the preachment against jewelry as a nonessential and luxury, the jewelry industry is better than ever. People are buying more and a better quality of jewelry. Everybody (except us) is buying diamonds. Formerly only the rich and well to do purchased the rocks, now everybody is wearing them.

According to Henry N. Marx, local jeweler, Appleton people are purchasing more jewelry than ever before, and the demand is for a better quality, he says.

"The working classes as well as the rich are buying. Everybody seems to have more money, and they are asking for a high quality of jewelry. Take for instance rings. A ring selling for \$8 or \$10 was considered a good sale, now the demand is for rings selling for \$15 and \$20. This is not the increase in price for the same ring, as that same article would cost only about \$12."

The increase in jewelry prices has not kept pace with the increase in many other articles, Mr. Marx stated. "Watches formerly selling at \$25 are now only about \$35."

"Everybody is wearing diamonds," said Harry Edward Freund, manager of publicity of the National Jeweler's association, at Milwaukee Monday.

Freund declared that the daily

## A FEELING OF SECURITY

You naturally feel secure when you know that the medicine you are about to take is absolutely pure and contains no harmful or habit producing drugs. Such a medicine is Dr. Kilmer's Swamp-Root, kidney, liver and bladder remedy.

The same standard of purity, strength and effectiveness is maintained in every bottle of Swamp-Root.

It is not a stimulant and is taken in teaspoonful doses. It is not recommended for everything.

It is nature's great helper in relieving and overcoming kidney, liver and bladder troubles.

A sworn statement of purity is with every bottle of Dr. Kilmer's Swamp-Root.

If you need a medicine, you should have the best. On sale at all drug stores in bottles of two sizes, medium and large.

However, if you wish to try this great preparation send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle. When writing be sure and mention the Appleton Post-Crescent.

newspaper is a tremendous force in the success of the jewelry industry, and urged merchants to take advantage of the advertising columns of local daily newspapers.

The association proposes to spend \$300,000 in a national advertising campaign, according to Freund.

Notice  
Notice is hereby given that Moritz Heinemann, one of the partners in the firm, doing business under the name and style of The Appleton Engine Works, has sold his interests in said partnership to the remaining members of the firm, who will continue said business at the same location. ## CARAGE MAY SUE FOR DAMAGES TO AUTOMOBILE

J. T. McCann brought an action against Louis Flotow in the upper branch of municipal court Monday to recover \$325 on an automobile used for demonstration purposes which he damaged by running into a culvert. After listening to the testimony the court took the case under advisement.

## GIRLS' MASSMEETING TO BE HELD FRIDAY

Appleton girls, between the ages of 12 and 17, will hold a massmeeting at 3:30 o'clock Friday afternoon at the high school. The meeting has been called for the purpose of acquainting

the girls with the junior department, just organized by the Recreation department of the Appleton Woman's club.

Members of the Recreation department will address the meeting and encourage the girls to take advantage of the opportunities offered them through membership.

## TROUT FISHING SEASON TO OPEN NEXT SATURDAY

Appleton trout fishermen are getting ready for the opening of the season May 1. Some of the favorite fishing grounds of local rod enthusiasts are located in Shawano county and many of them will go there as soon as the season opens. The Wolf river and

its many branches is also a popular stamping ground for many of the Appleton fishermen.

Mrs. Anna Tuchscher and daughters Adeline and Gertrude have returned from a few days visit at Chicago.

15,000,000 People

Will be treated this year on Dr. Burkhardt's wonderful plan. He will send you a treatment of Dr. Burkhardt's Vegetable Compound. Pay when cured, or on receipt of five names of people having: Liver & Kidney, Stomach Trouble, Constipation, Catarrh, Flu or Grip. Send Postcard to Dr. Burkhardt, Cincinnati, O. 30-day treatment 25c. All druggists.—Adv.

## Think what Labor owes to Him!

UNTIL His thirtieth year the Master was the Carpenter of Nazareth.

Could He possibly forget those carpenter years when the years of His ministry began? Could the men who labor with their hands ever be far from His thought and prayers?

To such men, oppressed and driven, men bent by toil, with hopeless hearts, He spoke a phrase that flamed with power.

"You are sons of God," He told them.

Sons of God—brothers of their rulers and employers; with an equal right to happiness, to comfort and opportunity. All the hopes of Labor in all the centuries had their beginning in that splendid thought.

The Churches cooperating under the name of the Interchurch World Movement offer the program of the Master; and His Golden Rule.

"Whatsoever ye would that men should do to you, do ye even so to them."

By that rule the industry of the future must be directed. Its products must be not merely goods, but good; not merely wealth but happiness and character and joy.

If you believe these things, you believe in one of the fundamental purposes of the Churches and of their agent, the Interchurch World Movement.

And you have this month your chance to help. Whether you labor with hand or brain, whether you are inside the Church or out, you are a sharer in the benefits of the influence of Jesus Christ.

Help to make that influence the ruling spirit of the modern world. Help to make industry a spiritual enterprise, where men shall work together not in envy but in mutual respect—as brothers all, and "sons of God."

United Financial Campaign, April 25th - May 2nd

Reliable Service

Oshkosh Appleton Green Bay

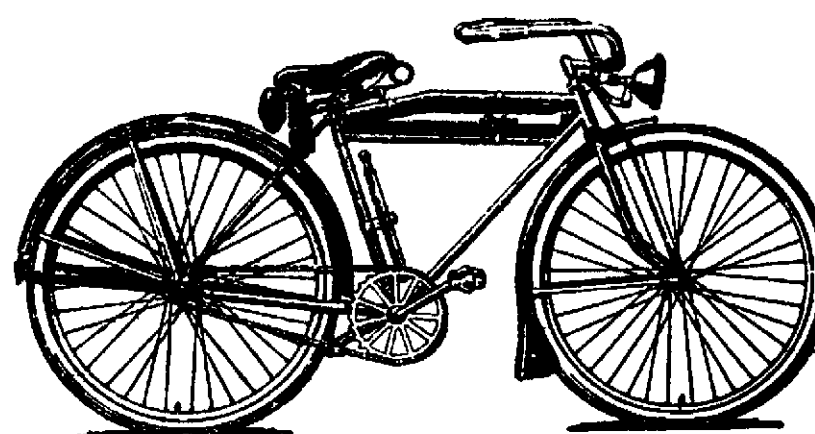

Dr. J. H. Scott is here from San Diego, California, for a three weeks' visit. He has secured a home at San Diego and plans to reside there permanently. He states that he sees E. P. Humphrey almost every day and that Mr. Humphrey is very enthusiastic about the western country. He expects to buy a home there shortly.

Mr. and Mrs. George W. Rosebush, who have been spending the winter here, will leave Thursday for their summer home at Alfred, N. Y. Miss Ella Rohloff of Hortonville, will accompany them.

Miss Nellie Davies of Oshkosh, visited Appleton friends Monday.

## NATIONAL BICYCLE WEEK

May 1st to May 8th

### RIDE A BICYCLE

Make every day a day of health, every week a bicycle week. Get out in the open, mingle with Mother Nature. While purchasing a bicycle, get the best—

**Indian**

Then You're Sure of the Best.

EXPERT REPAIRING.

**F. A. FASSLER**

756 Appleton Street

### Everybody's Happy!

THERE are more people riding bicycles today than ever before. At Palm Beach they were the craze. At Winter and Summer resorts—in town and country—people are realizing that their old childhood pal—bicycle—means even more to them as grown-ups.

For no other mode of transportation is more healthful—more convenient—more fun—more economical. To the weak it brings strength. To the tired it brings recreation. To the laborer it brings economy and independence. And to all it brings clean, invigorating exercise and a bigger love of the zest of life! Come in and let us show you our latest models.

## BALL PARK ASSURED APPLETON TEAM AND TROUBLES ARE OVER

ULMAN ADDITION PROPERTY IS  
LEASED AND CLUB IS READY  
TO OPEN SEASON  
SUNDAY.

The Appleton baseball club, has only \$1,000 worth of worry, to dispose of in order to start the season Sunday afternoon with a clean sheet. Manager Sylvester announced yesterday that the Ulman addition on Second avenue had been leased, and that work would be started today on the construction of a grand stand and a playing field. With a park secured, most of the troubles of the club seem to be over.

Although everything is set now and arrangements for the opening are being made, \$1,000 is needed to place the club on a sound financial basis. The appeal for funds has been responded to in good style in the last week, but according to Sylvester, Appleton is still short a third of the \$3,000 to be raised. Many of the bugs have not been seen, and it will be impossible to call on everybody before the season opens. The fans may send in their subscription to The Post-Crescent or to L. O. Wissman at First National bank.

Manager Sylvester has his ball team practically lined up, and according to Dutch, it's a daisy. Appleton fans will see a speedy and hard hitting ag-

**Wanted: Laborers for Construction Work at  
Interlake Pulp & Paper Co. Plant. Best of wages for  
this class of labor. C. R. MEYER & SONS.**

gregation that will be in the pennant fight from the moment the curtain goes up Sunday until the finale in September.

Connors of Oconto, a catcher, assured Dutch that he would be here and ready for the Menasha game. Bruce Noel, of course, is ready to take his turn on the mound, and this battery promises to eclipse any in the league.

Webb of Oshkosh, is expected to hold down the keystone sack, and Byer of De Pere, a left handed slugger who cracks "em where they ain't," will be on the far corner. Arrangements have practically been settled with a fast shortstop and first baseman.

Christopherson, Neenah; Lambrecht, Oshkosh, and Dutch, will be in the outfield, giving the local club undoubtedly the best trio of gardeners in the league. Sylvester hit around 500 in the valley league last season, and still has plenty of base hits left in his system.

## 15 ROUND DECISION BOUNTS LEGALIZED BY NEW YORK SOLONS

STATE LEGISLATURE PASSES  
WALKER BILL PERMITTING  
BOXING IN THE EM.  
PIRE STATE

(By Henry L. Farrell)

By United Press Leased Wire  
New York—New York is going to give boxing the chance of its life and the whole country will be watching the experiment.

Actuated by the wave of popular favor that has brought boxing to Kentucky, caused an increase in the number of rounds from six to eight in Philadelphia and from eight to twelve in New Jersey, the solons of New York have lent ear to the clamor and approved of fifteen rounds to a decision.

Experts agree that the Walker boxing bill, crowded to the ears with safeguards, is one of the best boxing laws ever passed. If the positions created by the bill are filled with competent conscientious men and boxing is not a success, then it never will be.

**Will License Clubs**  
The whole punch of the Walker bill is in the clause creating a commission to license clubs, boxers, referees, physicians, judges, managers, trainers, seconds and timekeepers. The license commission consisting of three members who serve without compensation, acts independently of the state athletic commission of three members at \$5,000 a year.

Upon the insistence of the International Sporting Club that no decision fighting was the real cancer of the sport and that a law without decision would invite abuse, the legislature approved fifteen rounds with a decision to be given by two judges or the referee if the judges disagree.

**Fix Various Weights**  
Clubs in cities of the first class must pay a fee of \$750; in second class cities, \$500, and elsewhere \$250; physicians, referees, judges and managers, \$25; timekeepers, boxers, trainers and seconds, \$5. Five per cent of the receipts go to the state as tax.

Weights and classes are to be the same as those adopted by the International Sporting Club.

Many believe that Governor Smith, if he signs the bill, will appoint three members of the International Sporting Club on the license commission.

## BEG YOUR PARDON

Visiting day of Knights of Columbus ladies will be observed Thursday afternoon instead of this afternoon as was stated yesterday. Cards will be played.

The population of Canada for 1920 has been estimated at 9,000,000, as compared with 7,000,000 in 1911.

## \$552 PRIZE MONEY IS DIVIDED IN ARCADE TOURNEY

MENASHA TEAM COPS TEAM  
PRIZE AND KAUKAUNA BOWL-  
ERS RAMP OFF WITH  
SINGLES.

The biggest bowling tourney in the Fox river valley this year closed Saturday at the Arcade alleys, owned by A. T. Jense. Fourteen five men teams, 66 singles and 216 two men teams competed, and cash prizes of \$552 were awarded to the leaders.

Pierce Bros., Menasha, topped the big event with a 2768 count, receiving \$38. Appleton Arcades were second and College Chums third.

Pierce and Ed. Strutz walked off with a \$36 prize for first place in the whirl-a-gig doubles event, piling up a 1240 count. Canter and Sampson rolled in second position.

First prize in the singles went to J. Ariz, Kaukauna, who totaled 635 in three games. E. Vahl, winner of the Spector trophy for the city champion bowler, placed second with 622.

The winners follow:

	Score	Prize
Pierce Bros.	2768	\$38.00
Arcades	2760	\$22.00
College Chums	2759	\$12.00

## MEYERS AND SCHOBER TO GRAPPLE HERE ON THURSDAY, MAY 6

MIDDLEWEIGHT WRESTLERS  
WILL SETTLE CLAIMS TO  
SUPREMACY WHEN  
THEY MEET HERE

Johnny Meyers, Chicago, and Billy Schober, Indianapolis, both leading claimants of the world's middleweight wrestling championship, have been matched for a bout at the armory here Thursday, May 6. The match will settle a long standing dispute between the grapplers and give the winner an undisputed claim to the title.

After three days of waiting, persuasion, and concession, Promoter Elmer Johnston succeeded in securing Meyers' signature to a contract for the bout. The phenom, recognized in Chicago as the champ, has verisistently refused to meet Schober, and when finally came around demanded a big guarantee. Schober has been ready at any time to meet Meyers and says that the bout will dissipate Meyers' claim to the title.

Announcement that the match has been arranged has aroused considerable interest among the sporting fraternity all over the country. Chicago will be represented by a big crowd at the ringside to root for Johnny.

That Johnston has arranged the "best match ever staged in Appleton or in the state is without question. Both grapplers are masters of the wrestling game and skilled in every department.

Seats were placed on sale this morning at Miller and Zuehlke buffet, College avenue, and the advance sale indicates that the armory will be packed to the doors the night of the match.

Johnston announced that he had secured Tom Ryan, Oshkosh, for the third man in the ring. Ryan is a veteran arbiter and the fans can have no kick over his decisions.

Special cars will be run to Neenah, Menasha and Kaukauna after the big bout. Other cities in the valley are also showing considerable interest in the scrap and will be represented by big delegations.

The Meyers-Schober scrap will go two out of three falls to a finish. Two class preliminaries will be staged in addition to the wind-up.

## SHINE PITCHERS SHINE WITHOUT THEIR SHINERS

ELLER, CLOTTE AND SOTHORON  
WORRY BATTERS JUST AS  
MUCH AS THEY DID  
LAST YEAR

(By Henry L. Farrell)

By United Press Leased Wire

New York—"Shine ball" pitchers are still shining without their shiners.

When the major leagues put the ban on freak deliveries, three old addicts of the decolored ball, Hol Eller, Eddie Clotte and Al Sotheron, were given tickets to the discard pile.

"They'll never get by with the freak stuff. They won't last an inning on regular pitching," some Solomons predicted.

But they're going as good as they ever did. Eller made his start in the eighth inning of a game with the Cubs leading the Reds, 6 to 5. He held them hitless and runless. The Reds won out 11 to 5.

John Heydler, president of the National league, saw him beat the Cubs, 5 to 3, in his second start. He allowed eight hits, didn't issue a pass and struck out one.

Clotte has pitched 18 innings and allowed one run—against the heavy hitting Tigers. He shut 'em out, 4 to 0, in the first game and won the second, 7 to 1. He allowed five hits and passed one in the first game and in the second was found for a quintet of bingles but he struck out six, including the great Cobb, twice.

Sotheron got away badly in his first start, losing to the Indians, 5 to 0, but he came back at them and won, 4 to 1. An even break against Cleveland is a feather in his cap.

Despite frequent assertions to the contrary, batters claimed the trio of freak experts were getting a hop on the ball by rubbing a shiny shot on the pellet.

Clotte and Eller did rub the ball on their trousers before each delivery but they insisted it was just to worry the batters.

## DOUBLE IN THIRTEENTH GIVES GAME TO BREWERS

Minneapolis—Johnny Mostil's double in the thirteenth inning with Forsythe on second paved the way for another Milwaukee victory over the Millers by a 2 to 1 mark here on Tuesday afternoon.

Joe Cantillon picked Molly Craft for his moundsman and Jake Northrop was selected by Egan to do the twirling for the Brewers. Smith and Sawing started things in the second inning. Smith doubled to left and Sawyer followed with a clean single over short scoring Smith.

Cooney opened the ninth with a double to right center. Hauser and Gainer were both given a walk filling the bases. Huhn batting for Cooney, failed to connect with the pill and fouled to Mayer. Sawyer tessed out Gaston and Cooney made it home, tying the score.

It was a nip and tuck affair until the first of the thirteenth when Forsythe started with a single to center. Northrop sacrificed and Johnny Mostil sent the ball to deep center for a double scoring Forsythe for the winning run. The Millers were unable to score in their half.

The game was played on a soggy field, it having snowed all morning, but on account of about 500 fans being present to witness the contest it was decided to go ahead.

Thomas Callahan of Fond du Lac, has purchased a residence on Eighth street from Dudley Pierce. Mr. Callahan will move to Appleton with his family in the near future.

Mr. and Mrs. Robert Manley and children visited in this city Sunday.

## The Aftermath of Flu

This is No. 1 of a series of advertisements, prepared by a competent physician, explaining how certain diseases which attack the air passages—such as Pneumonia, Influenza, Whooping Cough, Measles or even a long continued Cold—often leave these organs in an inflamed, congested state, thus affording a favorable foothold for invading germs. And how Vick's Vapo-Rub may be of value in this condition.

Your doctor will impress upon you that following recovery from the active stage of influenza, there often remains an inflamed, congested condition of the air passages—throat, larynx, bronchial tubes and lungs.

Frequently the cough hangs on—soreness of the chest persists—you take cold easily and there may be obstinate catarrh. This condition is slow to clear up and if neglected may favor the development of pneumonia, or later on, serious disease of the lungs.

Such cases should continue under the care of their physician—should exercise moderately in the open air—eat plenty of wholesome food—avoid overwork and sudden chills.

Nightly applications of Vick's VapoRub may help nature to complete the process of repair. Because Vick's acts locally by stimulation thru the skin to draw out the inflammation, attract the blood away from the congested spots and relieve the cough. In addition, the medicinal ingredients of Vicks are vaporized by the body heat. These vapors are breathed in all night long, thus bringing the medication to bear directly upon the inflamed areas.

Vicks should be rubbed in over the throat and chest until the skin is red—then spread on thickly and covered with hot flannel cloths. Leave the clothing loose around the neck and the bed clothes arranged in the form of a funnel so the vapors arising may be freely inhaled. If the cough is annoying, swallow a small bit of Vicks the size of a pea.

Samples to new users will be sent free on request to the Vick Chemical Company, 231 Broad Street, Greensboro, N. C.

**A NEW SALARY BASIS**  
Thirty cities of Wisconsin have sized up the school situation and adopted increased salary schedules for public school teachers for 1920-1921. They saw that if they were to get and keep good teachers they must give adequate salaries and give them promptly, or teachers would all be taken by other schools or other professions. In 1919 there was a shortage of 100,000 qualified teachers.

A number of these cities have adopted schedules which put a premium on good work, successful experience, and additional training. Beloit has adopted a schedule ranging from \$1100 to \$1400 for teachers in the grades and \$1200 to \$2200 in the high school. The Beloit School board offers salary advances to successful teachers only. They also offer a \$50 bonus at the end of each year to all teachers who attend college summer terms, approved by the superintendent, and who earn at least two major credits every other year. Exceptional teachers may earn more than the general maximum salary.

Antigo has adopted a credit system for experience, professional training and travel, with corresponding salary rewards. Kenosha has taken into account in determining salary schedules, first: "Professional preparedness," (a) Academic and special training before teaching in Kenosha. (b) Further professional study and training since entering service in Kenosha. Second: "Experience before coming to Kenosha, the results of which Kenosha profited from." Third: "Length of service in Kenosha and the quality of that service."

Places such as these, in making salary schedules, are considering what is called professional salary as distinct from the living wage. A day laborer is entitled to a living wage, ample enough to provide for his old age; so is a teacher; though many people seem to have forgotten it, and the teacher is also entitled to the professional salary over and above the living wage which shall offer a return on his professional training, and allow for the further demands made upon him for study, travel, and for additional professional improvement. This basis is well worth consideration by Appleton.

**IMMIGRATION**  
While America is losing manpower because immigration has fallen off and emigration has increased, other nations are adopting policies that are attracting workers.

By stationing agents in the principal European cities and by paying bonuses to steamship companies for selling passage tickets to some South American countries, Canada and Australia are aiding immigration.

South America is busy developing industries that will provide employment for foreigners. Brazil and Argentina are especially active. New Zealand has arranged with the shipping companies for reduced fares for desirable immigrants.

Numbers of Italians, Spaniards and French are going to Argentina, where there are many of these nationalities already located. Free land is being given to newcomers. Naturalized citizens are exempted from military service for ten years. This is a distinct inducement to immigrants from "compulsory service" countries of Europe.

Brazil is not only paying passage for immigrants, but takes care of them on arrival, and transports them free to their destination, provides them with tools and seeds, and supplies them with free medical care for themselves and families. Chile is inducing immigration by giving 100 acres and implements to each immigrant.

The countries to the south of the United States, together with Australia and

New Zealand, seem destined to take the place that the United States has held for the past hundred and fifty years as the "land of hope" for the immigrant. The question naturally suggests itself, is the United States making a mistake in its immigration policy or is it not?

**NOT INVITING TO AMERICA**  
We do not believe the American people will view with favor the assumption by the United States of a mandate for Armenia. The San Remo conference, after settling up the affairs of the Near East to the satisfaction of Great Britain and the acquiescence of France found itself still unable to agree upon an adjustment of the Armenian problem. In order to give Armenia anything like justice it will require the protecting power of one of the great nations, and this is a responsibility neither Great Britain nor France seems willing to discharge. Furthermore, there are no material considerations in the administration of Armenia which would be of political or pecuniary benefit, and because of the fact that the United States is supposed by Europe to be engaged in altruistic enterprise for the benefit of humanity the difficult and disagreeable task of overseeing Armenia and preserving it against the encroachments of its unsympathetic neighbors is wished upon the United States.

Great Britain came out of the San Remo conference with a Turkish treaty that gives her Palestine, Mesopotamia, control of the Dardanelles, the Bagdad railway, exclusive rights to the Suez canal, the Baku oil fields and political control over the Hedjaz. That will be as much as she can give her attention to for some time to come, and besides this is a lucrative field for the exploitation of British interests. About all that is left of Asia Minor goes to the French, who also are less concerned with humanitarian undertakings.

If the United States accepted the Armenian mandate it would be required to establish and protect the frontiers of this weak and dependent nation, and it would also have to nourish it back to life and self-reliance. This would undoubtedly require the presence of American troops in Armenia, together with substantial advances from our treasury. It is true that Armenia presents a problem which appeals to the enlightened peoples of the world, but it seems a discrimination to expect the United States to become reliable for the setting up of an Armenian government when French and British interests there and throughout that portion of the world are extensive and our own interests there are nil.

We believe the people would prefer to have the United States exercise the alternative proposed by the San Remo conference, which is that it suggest boundaries and rights for Armenia which the conference was unable to agree upon. Certainly it cannot be held that our moral obligations are of such a character as to require us to go into Armenia single handed, at great inconvenience and cost to ourselves and a possible sacrifice of life, while France and Great Britain disclaim any obligation whatever and confine their activities in that part of the world to political and economic aggrandizement which is essentially selfish. President Wilson may take a contrary view, but that will hardly alter the facts in the case so far as the relative duties of the powers are concerned. His attitude toward the proposal will be awaited with interest.

**WHITE GOAT IS FEARLESS CREATURE**  
The country in northern Montana and Idaho and across the line from there is British Columbia. You hire a guide, who will be an experienced mountaineer, and he will engage hardy ponies for riding and to carry your packs. You lay in lots of grub, heavy warm blankets and necessary coming utensils. Then you start.  
Up wooded paths, through toilsome mountain passes you slowly ascend. You cross range after range, day by day going nearer and nearer to the sky. Huge mountains and crags tower above you to appalling heights. The valleys are often so narrow and the peaks so straight up that you only see the sun for an hour or so at noon.  
And thus you reach the home of the white goat, the most inaccessible wild animal in America and the most difficult to shoot. You may hang around his stamping grounds for weeks and even months and never see him. Roosevelt hunted from dawn to dark every day for a month involving the most extraordinary toil, before he landed his first white goat.  
When the snow is off the mountain tops, this goat is the most conspicuous of animals. It has a snow-white coat and polished black horns. But although it is easy to see him, it is next to impossible to get close enough for a good shot. He can climb anywhere but a man cannot. This white goat has hoofs so made by nature that he can walk up an almost perpendicular wall, holding on by suction.  
The white goat, being a mountaineer himself, is afraid of nothing. Sometimes, when he sees a man, he will assume the most pugnacious attitude. Unlike the domestic goat, he does not use his head and horns for butting purposes. His horns are as pointed and sharp as needles, and when he uses them he stabs his victim. Merri-field, famous as Roosevelt's ranch foreman and hunting companion, once set a large hound on a white goat. The latter did not budge, and, when the hound reached him, he gave his head one vicious sideling lunge and killed the dog instantly. One horn went clear through him, N. E. A.

**Confessions of a Bride**  
(Copyright, 1920, by The Newspaper Enterprise Association.)  
Sandy, the Half-crazy Sailor, Appears When the Intriguers Meet.  
So graphic were the letters from our Honolulu correspondents that it was not hard for us to picture that strange meeting of German intriguers and Russian financiers. It was a most informal affair. They came together on the deck of "The Argentine," went over the yacht on the pretext of buying it, drank wine and smoked under the gayly striped canopies. They certainly did not resemble the popular conception of what conspirators are like, wrote Daddy; no secret cellars, masks or counter signs for them.

Daddy and Gene Archer were introduced to the visitors and were appreciative of the company, and very courteous, in spite of their obvious ignorance of German, French and Russian, the languages the company used. Of course, Gene Archer understood most of what was said although he seemed unable to do so, and he assured Daddy that the conversation lacked interest after the sale of the ship had been rather too casually discussed. He fancied that the conspirators were not going to betray themselves by the slightest carelessness.

How the Americans were to come by the political information they desired became a puzzle and might have remained so, except for the flowering of the genius of Katherine Miller. The Russian gentleman desired to buy an American-built yacht? Tres bien! The "Blue Bird" was for sale—at a price. Word was sent to the bankers, who came—and came again! Don Manuel was served on deck. Certain and Informal, Daddy and Archer joined the party, and Chrys, of course, was hostess.

Chrys got out her ouija board—and the Russians succumbed to this unexpected lure. And one more nefarious German scheme to reestablish the power of the Junker class came to a sudden end.

Of course Katherine's plan couldn't be worked out in a day, but it finally had to be relied upon as the only scheme which had a chance of succeeding. For Daddy Lorimer and Archer were hopeless failure as detectives. They hadn't a thing on the conspirators. Although Daddy posed as a blind man and Gene Archer knew a dozen foreign tongues, while pretending that he knew only English, they were absolutely unable to obtain the slightest hint of a political plot to upset the peace of the world.

The party came to "The Blue Bird" for tea—and ouija—several times that week. And more than once Sandy McCall, the half-crazy sailor, appeared on deck to repair an electric fan which had stalled or to fix a stubborn pushbutton. Apparently the Scotchman had picked up a fair understanding of German and French for he glowered upon the visitors in a way which would have caused Chrys to send him below had she not known about his mental state.

The stay of the Russians at Honolulu approached its end and so far as the Americans had been able to discover they were only what they seemed, ordinary rich Russians glad to be away from their own land in the time of her travail, and anxious to purchase a fine Yankee yacht. At Katherine Miller's suggestion, Don Manuel arranged a final seance for the entertainment of his friends. Up to this time the ouija board had acted like a spoiled child. It had been petty and pettish, and Chrys had lost all patience with the results. She said that the Russians, as well as Dr. Certeis, were sepietics and that they aroused the antagonism of the controls! That was why nothing important came from the spirit world!

Katherine Miller, however, was clever enough to supply a control at which no one could scoff. On the occasion of the last seance she took the ouija board from Chrys and became the medium. For a while the little tripod wobbled about undecidedly. Katherine removed her blazing rings and handed them to Archer. She closed her eyes as if she were "concentrating." After further pretty plays at posing she stiffened to her task and put this to Mme. Ouija:

"Is there not a spirit who wishes to communicate with some one here?"  
"Yes!" spelled the tripod or pointer.  
"Male or female?"  
"Male!"  
"Of what land?"  
"Russia!"  
"Spell the name the spirit used when he lived on earth!"

In spite of themselves, the persons about the ouija board leaned forward and listened breathlessly.  
(To Be Continued)

**Today's Poem**  
EDMUND VANCE COOKE  
THE CITY

Around me and about me  
A million mortals rave,  
And hit their heels  
Against the cobbled pave.  
They flout me and they shout me;  
They shrivel from quest to quest.  
I clank my chains  
And rasp my brains  
To riot with the rest.  
Yet scarce an hour beyond me  
I know a half-hushed glade  
Of fairy-blooms  
And fern-perfumes  
And sun-embroidered shade.  
Where none may bind or bond me,  
Nor any business ban,  
Where one might play  
The dulcet day  
At hide-and-seek with Pan.  
A brook slips by concealing  
A thousand shy delights;  
A moss-soft ledge  
Beside its edge  
Invites me—and invites!  
A harmony comes stealing  
As from enchanted ground;  
A silent song,  
Ago-old, ago-long  
Which wraps the soul around.  
A rhapsody of quiet,  
Of pleasure almost pain,  
As some wild throat  
Flutes forth a note  
As sweet as summer rain.  
Yet I am of this riot  
Of tubed and laddered levels,  
Where earth has spewed  
Her hotted brand  
As hell might spew its devils!

**TWENTY-FIVE YEARS AGO**  
Wednesday, May 1, 1895.  
Fred Wheeler of the Chicago university was home for a visit.  
The Third Ward Reading Circle met with Mrs. Max Mayer.  
James O'Leary of the Sherman house was seriously ill, but his condition was daily improving.  
Benno Bernhardt purchased the grocery business of James Morrow, corner of North Division and Atlantic streets.  
The marriage of Fred Halladay and Miss Anna Burhans was announced to take place on May 7.  
A new insurance agent made his appearance at the home of Mr. and Mrs. Fred Weiss.  
The new arc light machine of the Citizens' Electric Light and Power company was installed, giving the company a capacity for sixty commercial arc lights.  
William S. Curtis, a switchman in the Northwestern yards, was killed by being run over by a freight car.  
The new coal and wood firm of Johnson and Schlosser succeeded the firm of McKenzie and Crawford.  
The postoffice at Medina was burglarized the night previous. The postmaster was E. D. Bacon, who runs a barbershop in connection with the office. The burglars took \$80 and a stock of razors.  
Chris. Roemer, M. H. Brill and J. H. Kamps left for Waupaca county on a trout fishing trip.  
A new roof was being put on the Harmonie hall and the interior of the building had just been redecorated.  
James Kimberly and W. Z. Stuart of Neenah expected to receive their new sail boat the following week.  
Mr. and Mrs. John Stevens of Neenah returned from a several months' absence in the south.

**THE PASSER BY**  
True wit is nature to advantage dressed.  
What oft was thought, but ne'er so well expressed.  
Our memory goes back to the time, says the thoughtful Ohio State Journal man, when eyestrain was solely responsible for all the aches, pains and symptoms now about equally divided between teeth and tonsils as the great primal cause.  
It's Quite Popular Now

—Card of manager of Cleveland, O., restaurant.  
The Right House  
"How do you like the house, my dear?"  
"It's delightful. And the view makes me absolutely speechless!"  
"We'll take it, my love!"—New York Telegraph.  
Reminder  
He hated having his photograph taken, but his wife, indirectly, had forced him to undergo the much-dreaded ordeal.  
When she saw the photograph she cried out in horror: "Oh, George, you have only one button on your coat!"  
He—Thank heaven, you've noticed it at last. That's why I had the photograph taken!—New York Telegraph.  
Keeping in Tune  
From day to day just try, O friends,  
To give the word of cheer,  
That carries kindly thought, and tends  
To make life seem worth while.  
Too few are words that help along  
The rugged way of life;  
And he who helps bring out the song  
That in all hearts must be,  
Does do for brother man far more  
Than giving of the gold  
From out of his abundant store,  
And keeps himself in tune.  
Isabelle Tallman.  
Where Does a Station Agent Go?  
Gentlemen: Replying to your favor of the 21st inst., in regard to above claim, the delay in settlement of this claim has been account of our agent at destination being sick, and has since died, and claims being in his possession we have not been able to locate or secure return of same.—Letter from a railroad official.

**Health Talks**  
by WILLIAM BRADY M.D.  
NOTED PHYSICIAN AND AUTHOR.  
Dr. Brady will answer all signed letters pertaining to health. Writers' names are never printed. Only inquiries of general interest are answered in this column, but all letters will be answered by mail if written in ink and stamped, self-addressed envelope is enclosed. Magnetics for diagnosis or treatment of individual cases cannot be considered. Address Dr. William Brady, in care of this paper.

**POOR OLD MAN**  
Constipation, indigestion, intestinal stasis, auto-intoxication, hernia (rupture), varicose veins, varicocele, hemorrhoids (piles), displacements of the womb, prolapse, various forms of acute intestinal obstruction in children and adults, and—well, I am not attempting to catalogue human ills but merely mentioning some of the familiar ones which are primarily caused by bad posture. It is needless to drag in spinal curvature and other bony deformities. The list will do as it stands. The fault of posture to which I refer is that which may be described as the high cost of evolution. All these ills and many more poor old man pays for the privilege of perambulating on his hind legs.  
The abdominal viscera were slung from the spine by man's Creator, the most efficient method of supporting the organs in a body in the horizontal posture. In the erect posture the method proves very inefficient; it would have been far better for the welfare of man had his organs been supported from the thorax or shoulder girdle. The Creator made no mistake; maybe man did.  
Certain veins have valves which oppose backward pressure or return flow of blood. Other veins lack such valves. Curiously enough, veins in the neck have such valves, but veins in the thorax have not. Now, beyond a shadow of doubt, man needs valves in the veins of his thorax far more than he needs them in the veins of his neck, if he is to keep on his hind legs. If he reverts to all fours of course he has no need for valves in the veins of the thorax, for gravity does not then oppose the current of blood through the veins back to the heart. The quadruped, on the other hand, has some use for valves in the veins of the neck, to add the current of blood in its return from the head to the heart while the animal is feeding.  
It seems absurd to think that poor old man may appreciably compensate for his faulty posture, by reverting to the horizontal quadruped posture for just a few minutes in the day. Nevertheless remarkable benefit is obtained by sufferers from any of the ailments enumerated in this article by the mere practice of crawling or creeping about on hands and knees five minutes three times a day. In order to add to the wholesome effect of such exercise, by overcorrecting the evil, people not over eighty years of age may do the dachshund crawl—creeping on hands and knees but with the elbows bent outward so that the shoulders and chest are almost on the floor. And younger people may attain the very antithesis of evolutionary weakness by getting up and standing on their head and hands, at first against a wall but later right out in the middle of the floor, until they are not to exceed seventy-five years old in mind.  
Better than mere crawling, as a remedial exercise, is the dachshund crawl! And better still than the dachshund crawl is the monkey trot—walking on all fours. This may seem a joke to victims of false dignity. It is a far more sensible procedure than wearing a supporter or sampling pills.

**QUESTIONS AND ANSWERS**  
This Is Not Flattery  
I want you to tell me all you know about goitre. I don't want you to tell me to consult my family physician, because he doesn't know goitres from spavins. (Mrs. E. J. M.)  
ANSWER—I can tell all I know about a great many subjects in a sentence. But, without boasting, it would take part of a column, I verily believe, to tell it all on the subject of goitre here. Send a stamped self-addressed envelope for information which may help you. You do not flatter yourself on your choice of family physician.  
Nothing Doing for the Fat Match  
Please send me complete directions how to reduce, especially the hips and legs. (E. R. D.—)  
ANSWER—Mention your age, height, weight, and hitch a handle on your signature so I'll know whether you are a man or a woman.

**Musical Instruments of Insects**  
Buzzing or humming of insects is mainly due to the rapid vibration of the wings, which often strike the air more than 100 times a second, but there is sometimes a special quivering instrument near the base of the wings. Chirping or trilling is due to some sort of "stridulating" organ, one hard part being scraped against another, as the bow of a fiddle—it may be leg against wing.  
**Norwegian Wedding Festivities**  
A Norwegian wedding is a delightful practice. The picturesque Norwegian national costume is worn, and the wedding party walks or drives in procession to the church. After the ceremony there is a dance on the village green, with a violin for accompaniment, till it is time for supper. The next day the festivities are resumed and possibly they may extend to the day after.

**EV-RE-DAY**  
MARGARINE  
E V-Re-Day Margarine is first on the grocer's list of thousands of discriminating housewives who prefer it to all others because it always comes to them so fresh, sweet and wholesome. Ev-Re-Day has the genuine buttery flavor.

time special work is to be put on which will be followed by a social.

### You-Go-I-Go Club

The You-Go-I-Go club was entertained at the home of Miss Lella Thompson, 762 State street, last evening. The next meeting will be held at the home of Miss Tillie Jahn, 761 Maria street.

### Westminster Circle

The Westminster Circle will have charge of the devotional hour at Presbyterian church Thursday evening. The work of medical missions in foreign lands will be described. A special musical program will also be given.

### Robert At Recital

Pupils of Miss Laurinda Jens gave a piano recital at her home, 892 Winchago street, Monday afternoon. Prof. Cleveland Bohner, pianist of the American Conservatory, Chicago, attended the program, and played several selections at the close. Miss Jens was a pupil of Prof. Bohner when he was at Lawrence Conservatory of Music here.

Pupils who took part in the recital were Marie Summers, Betty Thompson, Hilda and Esther Harm, Jean Gauslin, Helen Wagner, Wilma Buchholz, Royal La Rose and Reid Havens.

### Dance Well Attended

About seventy-five couples attended the dancing party given by the Brotherhood of American Yeomen at the armory Tuesday night. Music was furnished by Gibson's orchestra.

### Card Party Tomorrow

The Christian Mothers card party will be held tomorrow evening at St. Joseph school hall. The usual large attendance at social affairs planned by the church ladies is expected.

### Surprised on Birthday

Thirty-five friends and relatives of August Tank of Harrison, surprised him at his home Sunday afternoon, the occasion being his fifty-fifth birthday anniversary. The guests were entertained with music and cards, and a five o'clock supper was served. The Appleton people present were Mrs. Frank Tank and daughter Doris, Mr. and Mrs. Henry Fiebelcorn and family, Mr. and Mrs. Albert Wegner, Mrs. Bertha Wildebrath, Miss Anna Wildebrath, John Falk and Mr. and Mrs. Herman Ecker and family.

### Girls' Club Social

The Appleton Girls' club will hold a social Thursday evening at the home of Miss Helen Schmidt, corner of Washington and Durkee streets. All members are expected to attend.

### Over Ten Cups Club

The Over-the-Teacups club will meet at 2:45 o'clock Friday afternoon at the home of Mrs. Dan Stansbury, 570 College avenue.

### Dormitory Men's Supper

The monthly supper party of the dormitory men will be held at the Y. M. C. A. at 6:30 o'clock tomorrow evening. The Lawrence college glee club will sing. The activities of Camp Manitowish, a camp for men, will be related in a short talk by H. B. Frame.

### Wedding Dance

Mr. and Mrs. Alex Schmalz, who were married last week entertained about 100 friends at a "wedding dance" at Lake Park last evening. Music was furnished by a Menasha orchestra.

### Prepare For Social

Preparations are being completed for the Fox River mill social party to be held next Tuesday evening at the Y. M. C. A. About two hundred employees are expected to attend. The complete program will be announced tomorrow.

The party will inaugurate the series of entertainments to be given for employees of various industries in Appleton.

### Kimberly Dance

Arrangements are being made by the Catholic Order of Foresters of Kimberly for a dancing party to be held Friday evening at the Kimberly dining hall. Music will be furnished by Stecker's orchestra.

### Benefit Card Party

Ladies of the Eagles will give a card party at Eagle hall next Friday evening for the benefit of the milk fund. This will be an open party. Prizes are to be awarded the winners.

## ZONA GALE STORIES POINT WAY TO THE NEW WOMAN'S CLUB

THREE HUNDRED WOMEN HEAR FAMOUS WISCONSIN AUTHOR-ESS DELIVER ADDRESS LAST NIGHT

In spite of bad weather 300 members of the Appleton Woman's Club heard Miss Zona Gale at Lawrence Conservatory last night. The famous Wisconsin authoress, responding to the graceful introduction by the club president, Mrs. D. O. Kinsman, gave her message to a most interested and responsive audience by presenting two of her stories in her own charming manner. The two selected were from her famous Friendship Village stories, in which the inimitable Calliope Marsh tells of the "Feast of Nations" and "Peace in Friendship Village."

There was no high sounding rhetoric in Miss Gale's presentation, but much of whimsical humor and crisp

ping paths that impel to smiles and tears while they point the way. Yet those who have read the stories and those fortunate enough to hear Miss Gale last night know how, in these same honey and homely narratives of Calliope Marsh and the other characters, they stress the higher creed of citizenship, internationalism—universal brotherhood and sisterhood—which the "tomorrow" of America shall give to and foster in its "ex-foreigners."

Perhaps one of the closing paragraphs from "Peace in Friendship Village" carries this thought as well as any: "All of a sudden somebody started up 'America.' I don't know where they learned it. There aren't so very many chances for such as these to learn it very good. Some of them couldn't say a word of it, but they could all keep in tune. I saw the side faces of the Flats folks and the bunk car folks, while they hummed away, broken, at that tune that they knew about. Oh, if you want to know what to do next with your life, go somewhere and look at a foreigner in this country singing 'America' when he doesn't know you're looking. I don't see how we rest till we get our land a little more like what he thinks it is."

### Praises Local Club

Miss Gale prefaced her second story with a few remarks about the democratic spirit of the Appleton Woman's Club, expressing the wish that other cities of Wisconsin might have such a union of all creeds and denominations and groups and interests as a tool for civic betterment in their communities. Both of the stories given were peculiarly appropriate to the club because they exemplified the impelling motives of its organization—the desire to bring into it all the women of the county and by the camaraderie, neighborliness and friendship which which they work and play to make their community a better place to live in for them and their children and their "men folks."

The musical part of the program consisted of three happy little songs sung by Mrs. J. T. Quinlan, "Bells of Youth," "A Little White Snowdrop," and "Awake my Heart with Gladness," were the numbers. Groups are formed. The first half hour was taken up with the business session. Several important announcements were made. The annual meeting, scheduled for May 11, will be held Monday, May 10, because of ex-president Taft's lecture May 11. On May 18 there will be a concert by the Woman's Club Chorus.

The recreation department announced that groups with volunteer leaders have been organized for swimming, hiking, folk dancing, social dancing, tennis, horseback riding and dramatics. The girls' department, including girls from the ages of 12 to 18, is being organized under the direction of Mrs. William Ryan. There will be a mass meeting of all girls wishing to join this department in the high school at 3:30 o'clock Friday afternoon and another in the Vocational School at 7:30 o'clock Friday evening. All members of the recreation department and all women in the city interested in the work for young girls are expected to attend one or both of these meetings. The leaders of the department are making every effort to secure the services of a trained director for girls' activities and hope to make definite announcement in the near future.

The Civics department has completed its organization and is making plans for next year's work. Dr. D. O. Kinsman has agreed to give a series of lectures. Complete program for the work will be announced in the year book.

## Births

A son was born to Mr. and Mrs. Henry Marling, 1026 Sixth street yesterday.

## OBITUARY

**MRS. BARBARA WALTHERS.**  
Mrs. Barbara Walters, 74 years old, died of stomach trouble yesterday at the home of her daughter, Mrs. C. D. Ingenthron, 951 Morrison street. She had been in poor health for three months. Decedent came here about six months ago from Chicago. She is survived by three daughters, three sons, one sister, one brother, fifteen grandchildren, and two great grandchildren. The body will be taken to Chicago tomorrow morning for burial.

During January and February coffee exports to the United States from Monterey, Mex., amounted to more than \$1,000,000.

## ABOUT TOWN

**GET CONTRACT**—The Garvey-Weyenberg Construction Company, Appleton, has been awarded the contract for the building of the Seven Mile Creek bridge at Fond du Lac. The local firm bid \$6,197.

**WATER LOWER**—The water in Fox river has receded to such an extent that most of the sluice gates have been closed and the majority of needles have been placed in the middle dam. The water was so high at one time that at least one of the paper mills was obliged temporarily to use steam power on account of backwater.

**ANNIVERSARY**—Members of the old Company G, 2nd Wisconsin Infantry, recall that they left Appleton 22 years ago today to fight in the Spanish-American war. The day was a memorable one because of its being bitterly cold, resulting in much suffering in their first night of camping out.

**BUYS STORE**—Ben VanderZanden, DePere, well known here, has purchased a jewelry store at Green Bay which he will operate in connection with the store he owns at DePere. Mrs. VanderZanden is a former Appleton young lady.

**CUTS FINGER**—Harry Strobe of Strobe Island came near amputating one finger on his left hand while chopping wood yesterday. The ax he was using slipped and caused the flesh to be scraped from the entire length of the finger. He came to Appleton at once for medical aid and will not lose the injured member unless complications set in.

**PIAN PICNIC**—Preliminary plans for a picnic to be held in June were made at the meeting of the Appleton Grocers association last evening at South Masonic hall. Other routine business was transacted.

## TO LAUNCH FORUM AT MEETING FRIDAY

COMMITTEE OF 15 HAS COMPLETED CONSTITUTION AND NOMINATED COMMITTEE MEMBERS

Formal launching of the civic forum for Appleton will take place Friday evening. Citizens who attended the meeting last week will be asked to meet again at eight o'clock in the council chamber of the city hall.

The committee of 15, headed by Dr. H. E. Peabody, lost no time in preparing a constitution and by-laws and is also ready to submit a list of nominations for the committee which administers the affairs of the forum. Officers will be elected and committees appointed to secure speakers, arrange for the music, finances, publicity and other matters.

So far as is possible the forum organization will be made up of representatives from all social groups and all wards of the city. It is to be absolutely democratic and on the forum is in operation, officers will be elected at the last public meeting of the season. All interested people are expected to attend Friday evening, whether they were present last time or not.

## 200 DRIVERS OF FORDS EARN ABOUT THE CAR

Over 200 drivers of Ford motor trucks attended the meeting at Eagle hall last evening and listened to an instructive address by E. C. Eslinger of Milwaukee upon the operation of Ford trucks. W. F. Bletsch of the Goodyear Rubber company also instructed the drivers on the subject of tires. The box of cigars, for which numbers were given out, was won by Carl Kunitz.

The average daily shortage of freight cars in the United States is 80,000 cars. During March, the average daily shortage was 90,000 cars.

Oscar Rossmelst, who has been at Silver City, New Mexico, for several months, has returned home, greatly improved in health.

The Brotherhood of American Yeomen will hold a meeting at South Masonic hall this evening at which time the degree team will do practice work.

We will be in our New Store,  
808 College Ave., About May  
15th or June 1st

## Comfort Is A Big Part Of Good Dressing

They say that the well dressed feeling isn't all a question of good looking clothes. That also it depends on your underwear—how comfortable it feels when you have it on.

If that's the case you'll get a lot of satisfaction from these union suits. They're extremely comfortable in texture and fit.

A semi-fitted model of double wear serge, Norfolk back, slash pockets and regular pockets. Coat is serge lined. Full cut pants. All boys like our suits because they are better.

### "Wooly Boy" Suits are Superior Clothes for Boys—\$18.95

They are carefully tailored throughout, not a thing is skimped. Hand shaped fronts, well made button holes, rolled seams so they cannot sag. Many new heater mixtures—8 to 18 years.

### Hats and Caps for Boys, marked very low

Boys crease crown hats of cloth in green, brown and blue. Just the newest ideas for boys at—\$1.48.

Little Men's Rah! Rah! or Round Shape Hats, in black and brown with canton braids. Also neat mercerized checks and plain colors at —39c, \$1.19, \$1.39.

### Boys' Serge Caps—98c

They're the eight-quarter and four-quarter, also flat top styles, with both long and short brims.

### Boys' Belts of strength and fineness at 48c and 75c

Very "manish" are these belts with nice buckles and different finished leathers. Brown and black only.

### Boys' Blue Serge, Full Belted Model Suits at \$16.45

A very rich color navy serge suit with one piece back, slash pockets, satin serge lining. Full knickerbocker pants, lined throughout. A splendid value that you should grasp.

### Boys' Cassimere Two-piece Suits, 7 to 17 at \$9.95

There aren't many left of this number—heavy selling last Saturday accounts for that. But some good mixtures are here in all new styles. Pants full lined. Ages 7 to 17.

### Our Boys' and Youths' Shoes cannot be excelled in quality, style or price.

These are positively the biggest values in the land!

### Boys' Buster Brown Shoes at \$5.65 and \$7.45 Youths' at \$4.95 and \$5.45

These are high grade, perfect made shoes. They fit the feet! In brown and black calf leather, solid welt soles. English and blucher cut, tipped and blind eyelets.

### Boys' Shoes, popularly priced—\$3.95, \$4.45

You'll find them in black and brown durable leather shoes. New English and also blucher cut. A very good bargain now at —\$3.95 and \$4.45.

## OBITUARY

**MRS. BARBARA WALTHERS.**  
Mrs. Barbara Walters, 74 years old, died of stomach trouble yesterday at the home of her daughter, Mrs. C. D. Ingenthron, 951 Morrison street. She had been in poor health for three months. Decedent came here about six months ago from Chicago. She is survived by three daughters, three sons, one sister, one brother, fifteen grandchildren, and two great grandchildren. The body will be taken to Chicago tomorrow morning for burial.

During January and February coffee exports to the United States from Monterey, Mex., amounted to more than \$1,000,000.

H. K. Bradford of Milwaukee, is visiting in the city.  
N. P. Dwyer of Green Bay, spent Tuesday in Appleton.

Call Johnnie  
THE ELECTRICIAN

He does all kinds of house wiring and other electrical work in general. Satisfaction guaranteed. Prices right.

Phone 9704-J11

JOHN MELCHER  
KIMBERLY, WIS.  
P. O. Box 115

Miss Mildred Hubert spent the week-end at her home at Marinette.  
Mr. and Mrs. Joan Dietz and son of Green Bay, spent several days visiting friends in Appleton.  
Mr. and Mrs. Herman Peotter are at Clintonville today attending the wedding of their son Harry.  
Two orchestras, the Thelen and Star, will furnish music for the Moonlight club dance party next Friday evening.  
Mr. and Mrs. Peter Schug, who have been visiting Appleton friends for several days, have returned to Milwaukee.  
B. J. Zachike has been named by the county court as special administrator of the estate of David Fleming, deceased.  
The regular monthly meeting of the board of directors was held at the Y. M. C. A. this afternoon. A luncheon preceded the business session.  
Coach Ikey Reger of Lawrence college, will instruct members of the Appleton school basketball teams in the new rules at a meeting at the Y. M. C. A.  
Plans for the membership boosting campaign were outlined at a meeting at the Y. M. C. A. last night. The goal is for new members. A supper preceded the meeting.  
**Sorority Party**  
Members of Sigma Alpha Iota, national honorary musical sorority, and their friends will be entertained at a formal dancing party Friday evening at Elks' hall.

**Odd Fellows Dance**  
The Odd Fellows will give a dancing party at Odd Fellows hall Friday night. Members of the Odd Fellows and Rebekah lodges and their friends are invited.

**Musical Service**  
A special musical service will be given at Trinity English church Sunday evening. The story "The Mansion" by Henry Vandyke, will be read by the pastor, the Rev. F. L. Schreckenberg, and will be illustrated with special music by the choir.

**S. S. S. S. Club**  
The S. S. S. S. club met last evening with Miss Laura Zumbach, State street. Schafkopf was played. Prizes were won by Miss Irene Groth and Mrs. Fred Kositzke. A luncheon was served.

MANY CASES OF MEASLES REPORTED IN THE CITY

Quite a large number of cases of measles have been reported to the health department which is taking every precaution possible to prevent the disease from spreading. It has a good start, however, and while there is no danger of an epidemic, the health department requests cooperation in stamping it out. The disease has made its appearance in a mild form, and while there has been an occasional case where the patient has been critically ill, no fatalities have been reported.

MONEY SHORTAGE HITS NORTHERN BUSINESS

John J. Sherman, president of the Citizens National bank, returned yesterday from a business trip to St. Paul, Minneapolis, Duluth and Superior. The climate there was found to be somewhat wintry yet and there is still considerable ice in the harbor. Banks and business houses are suffering some inconvenience because the money supply is low. The elevators are stocked up with grain awaiting shipment by boat, and as soon as the ice loosens up enough for ships to operate, this condition will be relieved. He states that they have "more grain than money."

FACTORY BALL LEAGUE IS TO BE ORGANIZED

Representatives of various mills will meet at 7:30 o'clock tonight at the Y. M. C. A. to outline the program for the inter-factory athletic league. The chief business is the arranging of an outdoor baseball league for the coming summer.  
Two volleyball games have been arranged for tomorrow night at the Y. M. C. A. No. 1 group of 8:15 o'clock class will play the noon class in the opening game, and in the second contest the 8:15 o'clock class meets group 2 of the evening class.

LEGAL NOTICES

IN THE DISTRICT COURT OF THE UNITED STATES FOR THE EASTERN DISTRICT OF WISCONSIN.  
In the matter of William H. Mielke, bankrupt.—In Bankruptcy.  
To the creditors of William H. Mielke of Appleton, in the county of Outagamie and district aforesaid, a bankrupt.  
Notice is hereby given that on the 23rd day of April, A. D. 1922, the said William H. Mielke was duly adjudicated bankrupt and that the first meeting of his creditors will be held at my office in the city of Appleton, on the 5th day of May, A. D. 1922, at two o'clock in the afternoon, at which time the said creditors may attend, prove their claims, appoint a trustee, examine the bankrupt and transact such other business as may properly come before said meeting.  
Proof of debt must conform to the provisions of Sec. 57 of the bankruptcy act, and Rule 21 of the General Orders in Bankruptcy and in order to vote at meetings, creditors must have their proofs properly made out and filed with the referee.  
Francis S. Bradford, Referee in Bankruptcy, Appleton, Wis., April 24, 1922.

NOTICE FOR ADMINISTRATION, AND NOTICE TO CREDITORS.  
State of Wisconsin, County Court, Outagamie County.—In Probate.  
In re estate of David Fleming, deceased.  
Notice is hereby given, that at the regular term of said court, to be held on the 1st Tuesday of June, A. D. 1922, at the court house in the city of Appleton, county of Outagamie and state of Wisconsin, there will be heard and considered, the application of Thomas J. Boeck for the appointment of an administrator of the estate of David Fleming, late of the city of Appleton, in said county, deceased.  
Notice is hereby further given, that at the regular term of said court to be held at said court house on the 1st Tuesday of September, A. D. 1922, there will be heard, considered and adjudged all claims against said David Fleming, deceased.  
And notice is hereby further given, that all such claims for examination and allowance must be presented to said county court at the court house, in the city of Appleton, in said county and state, on or before the 6th day of September, A. D. 1922, or be barred.  
Dated April 25, 1922.  
By the Court, John Bottensch, Judge.  
L. Hugo Keller, Attorney. 1-28; 55-12

FOND DU LAC NO MATCH FOR "Y" VOLLEYBALLERS

Appleton Y. M. C. A. volleyball team defeated Fond du Lac in four straight games at the association gymnasium Tuesday night. The locals were in unbeatable form and had the visitors guessing from start to finish. The scores were 15-9; 15-7; 15-11; 15-9.

Appleton also won four out of five games played last month at Fond du Lac, giving them eight victories and one defeat in match play. Milwaukee and Wausau are to be secured for matches some time next month, in an effort to determine the state championship.

The line-up: Fond du Lac—F. Ryan Duffy, Dr. E. J. Breizman, W. W. Hughes, W. J. Gobes, H. F. Wetter, F. Candlish, J. H. Becker, Appleton—Henry W. Tuttrup, George Wetengel, A. C. Remley, Fred Agrell, Dr. J. J. Ellsworth, John Neller, the Rev. P. W. Nesper.

Henry J. Marlan, Fond du Lac, acted as referee, and Carl Gochbauer, Appleton, was scorer.

**Poor Places for Pictures**  
The Corcoran art gallery says that it is harmful to an oil painting to hang it near a window where it will be exposed to the sun, or to be hung near a stove or radiator, as all heat agencies tend to dry the oil and make the painting crack.

ZONA GALE SPEAKS TO COLLEGE PEOPLE

BADGER AUTHORESS IN ENTERTAINED DURING HER VISIT HERE—TO SPEAK TO WOMAN'S CLUB

Miss Zona Gale, who spoke here last night at the meeting of Appleton Woman's club, was the guest of Mrs. Mary Beal Housel, dean of women of Lawrence college, during her short visit here. Miss Gale left this morning for Milwaukee after talking to the Lawrence students for a few moments in chapel.

"We must remember that we are servants of the earth and spirits in a spiritual laboratory," was the message Miss Gale gave. She suggested some of the great functions and faculties which we have, but which will require time to develop and discover.

"Tomorrow is the greatest day and today is at its door," were her closing words.

Miss Gale was guest of honor at the meeting of the Lawrence English club yesterday afternoon. No program was presented, Miss Gale giving the members a short informal talk.

Mrs. Housel entertained for her guest at a five o'clock tea following the club meeting.

THE PICTURE FILM AS AN EDUCATIONAL MEDIUM

There has been a wonderful change in the construction of moving picture films during the past few years. In the beginning, we had much slap stick comedy and there were few really instructive films made. Now the comedy is usually of a high grade and picture stories are designed to educate and to teach a moral lesson with the result that everyone enjoys the time spent in attending a picture show and generally come away feeling that they have had pointed out to them the folly of any other than a clear and upright life.

The industrial films now on the market are also of a better quality than in previous years, due to the experience of the past in taking pictures of this kind and a realization of the fact that the general public welcomes the opportunity of seeing on the screen methods employed in large manufacturing establishments.

Great care is taken in preparing such films and thousands of dollars are spent in preparation for and in taking industrial or educational films and perhaps the most complete and carefully taken film of this character is the one made in the plant of the Buick Motor Company at Flint, Michigan, to be shown at the Elric Theatre this evening, April 28. This film is being shown in a number of cities throughout the country every day at leading show houses and has been pronounced by authorities on the subject as being the very best film of its kind ever produced.

The film pictures the manufacture of automobiles from the selection of materials in the chemical, physical, and electrical laboratories, on thru the various processes of manufacture to the point where they are loaded on freight cars and hauled away by trainloads.

adv.

APPLETON SUFFERING FROM FREIGHT TIE-UP

The railroad situation in Appleton has not changed to any great extent, the movement of freight still being limited to local shipments. Embargoes are still in effect on all eastern roads. Appleton is more fortunate than some cities where manufacturing plants have been compelled to close down on account of lack of raw material.

FIRE DEPARTMENT IS CALLED OUT TWICE

A small blaze in a pile of litter on the barn floor at the rear of the Schultz residence, 752 Richmond street, called out the fire department yesterday afternoon. A neighbor extinguished the fire with water before the department arrived. Children playing in the barn are said to have started the fire.

One hose company was sent out this morning to extinguish burning cinders in a gondola car on a side track near the Wadham Oil company. No damage was done to the car.

A New York woman is said to earn more than \$5,000 a year designing favors and bon bon boxes.

Our Outstanding Feature  
IS TO SAVE YOU MONEY

HARRY RESSMAN

CLOTHIER

694 Appleton St.

—has proven to hundreds of people that he can save you from \$15.00 to \$20.00 on each suit of clothes, and from \$3.00 to \$5.00 on each pair of trousers or single coats.

Come in and Be Convinced

The Appleton Real Estate Board

HAS ADOPTED THE

MULTIPLE LISTING SYSTEM

THAT MEANS that if you give ANY member of the board a sales agreement, a copy of the same will be filed with EVERY member of the board, and every member of the board will have the same right to sell the property and the same interest in doing so as the man to whom the agreement was given. In other words if you give any member of the real estate board your property to sell, instead of having only one man working on it, you will have the STRONGEST REAL ESTATE FIRMS IN THE CITY representing you.

When you are listing your property with a real estate man, make sure that he is a MEMBER of the APPLETON REAL ESTATE BOARD and thereby ASSURE yourself of the MOST EFFICIENT SERVICE and of a SQUARE DEAL.

## ANOTHER SLUMP IN PRICES OF FUTURES

CORN FELL OFF FOUR CENTS FROM YESTERDAY'S CLOSE — FAVORABLE WEATHER IS INFLUENCE

By United Press Leased Wire  
Chicago—Grain futures continued to slump on the Chicago board of trade today, corn gradually falling off until the price had dropped four cents below yesterday's close. Oats were down two cents.  
Reports of favorable weather and belief that warehouse grain will begin to move shortly were the influencing factors.  
May corn opened down 1½¢ at \$1.73 and later declined 2½¢. July opened at \$1.64, down 1¢, and later lost 2¢. September corn opened at \$1.57, 1½¢ lower and later was down 1½¢.  
May oats opened at 97½¢, down 1½¢, and later was up ½¢. July oats opened ¾¢ lower at 97½¢ and later declined ½¢.  
Provisions were steady.

## BEARS IN CONTROL OF STOCK MARKET

CALL MONEY IS UP AND TRANSACTIONS ARE SMALL — PRICES ARE HEADED DOWNWARD

By United Press Leased Wire  
New York—With call money at 19 per cent, bears continued in control of trading on the stock market today. Practically all transactions were between professional traders and the general trend of prices was downward.  
While call money was at its highest, United States Steel common got down to a new low at 95½, and Crucible sold at 22½, a decline of 17 points from the high of Tuesday. A single block of U. S. Steel amounting to 5,500 shares changed hands at 98½.  
Reactions of the morning were later augmented by a slump in prices in the industrial. Oils, motors and equipments also suffered losses.  
In the railroad list, the trend was also lower, with the exception of Reading, which continued comparatively firm. Reports of further heavy gold shipments from Great Britain had a decidedly steadying effect on foreign exchange, particularly sterling. Sterling advanced to 3.8 after mid-day, compared with a low on Tuesday at 3.75.

Edgar Lewis Presents  
"OTHER MEN'S SHOES"  
PRODUCTIONS, Inc.  
It was the fighting parson speaking—speaking to one of his flock—speaking to man hopeless and helpless.  
And the same soul saver knew the needs of his folk.  
He had come back to be his brother's keeper; to fill his brother's shoes; to take a cold town and put a heart full of feeling and humanity into it.  
Children loved him — for them he found place to play and grow. For tired women he found a place in the sun.  
Yet he kept from them all the biggest secret of his life. His sweetheart knew it—his enemies knew it and the secret gnawed at his heart.  
Could he, an ex-convict fit the shoes of a parson?

## WOOD'S STOCK GIVEN A BOOST IN DELEGATE ELECTIONS TUESDAY

(Continued from page 1)

Completed in the office of Secretary of State this afternoon.

Returns from 2,756 precincts out of a total of 5,882 were as follows: Harding, 75,157; Wood, 71,067; Johnson, 9,001; Hoover, 7,302.

For delegates-at-large to the national convention the vote stood:

Boyd (Wood), 6,509; Dougherty (Harding), 56,522; Galvin (Harding), 69,267; Herrick (Harding), 77,263; Turner (Wood), 67,906; and Willis (Harding), 65,260.

The figures indicate that Boyd, a Wood candidate, has a chance to nose out Daugherty Harding manager and candidate.

**Hasting Claims Ohio**

Columbus, Ohio.—Forty-two out of Ohio's 48 delegates to the republican national convention were claimed by Senator Warren G. Harding's managers today. The claims were based on complete but unofficial returns from 2,857 precincts out of a total of 5,882.

Managers of General Leonard Wood's campaign said he would have

at least eight delegates. They also expressed the hope of capturing at least one delegate-at-large.

Unofficial returns from 2,857 precincts on the presidential preferential vote showed Harding leading Wood by less than 4,000 votes, with Hiram Johnson running third and Herbert Hoover fourth.

The vote: Harding, 68,088; Wood, 64,612; Johnson, 8,078; Hoover, 6,768.

This vote is not binding on the delegates and is presumed to reflect the personal desires of the voters.

**Big Vote for Johnson**

Governor Cox had no opposition and took the entire 48 democratic delegates. A comparatively small number of democratic voters wrote in the names of Hoover, Bryan, Mc-

**Try Our Special  
BUSINESS LUNCH  
from 12 to 2  
75c  
APPLETON HOTEL**

Adams and others on their ballots. It was believed Harding would carry the preferential ballot by about 18,000. Johnson's large "written in" vote surprised the politicians. He got his votes largely in the industrial and railroad centers. Hoover led him by a wide margin in Hamilton county which includes Cincinnati. Hoover was given 4,495 votes as against 2,812 for Johnson.

Harding managers claimed the election of all four delegate-at-large. Wood supporters believe they have an even chance to win one of them. H. M. Daugherty, Columbus, Harding delegate, led W. H. Boyd, for Wood, by a narrow margin.

The other three Harding men led the field by an apparently safe margin.

**New Jersey Race Close**  
Trenton, N. J.—Major General Wood again took the lead in New Jersey presidential preference primary today with unofficial returns from 1802 election districts out of 2,005 reported.

Wood was leading by 740 votes on the basis of these reports.

The vote was: Wood, 48,390; Johnson, 47,659.

The race will remain in doubt until all election districts are heard from. An official re-count may be needed to decide the result.

The lead see-sawed between Johnson and Wood as the vote was counted from the time the first returns were reported.

United States Senators Edge and Frelinghuysen, who announced they will support the presidential candidate who receives the endorsement in the preferential primary at the convention, were probably chosen.

Governor Stokes, pledged to support General Wood, was running third and had a commanding lead.

The fourth place was in doubt with State Senator Runyon, pledged for Wood, leading the field by a narrow margin.

Returns on the results of the district delegates' vote were slow in be-

ing tabulated. Indications were that the 24 district delegates would probably be split between Johnson and Wood, with Wood having the majority.

**Lodge Leads in Bay State**

Boston.—Massachusetts republicans will send 29 unpledged delegates to the Chicago convention, according to returns today from yesterday's primaries.

Major General Wood will receive the support of six district delegates, according to complete unofficial returns.

Senator Lodge leads the field with 75,000 votes for delegate-at-large. The other three members of the "big four" unpledged candidates were elected by substantial majorities. The unpledged delegates will vote for Governor Coolidge on the first ballot.

Ex-Governor Samuel W. McCall, pledged to vote for Hoover, was defeated by more than ten thousand votes. He was nosed out by ex-Lieutenant Governor Frothingham. Wood pledged candidate, by 1,500 votes. Russell A. Wood and Alvin T. Fuller, the two remaining candidates for delegates-at-large pledged to General Wood, were defeated.

### FORRESTERS TO HAVE ANNIVERSARY PARTY

Preliminary plans were made by the Catholic Order of Foresters at their meeting last evening to observe the 37th anniversary of the founding of the national order, May 24. A fitting celebration will be arranged and the initiation of a large class of new members is expected to be a feature. The spring membership drive was also discussed and arrangements practically completed. It is expected that the campaign will be launched within a week or two.

### BIG CHECKS PAID TO COUNTY TREASURER

Louis A. Peterson, county treasurer, received \$48,170.82 from the Citizens' National Bank and the Appleton State bank yesterday in payment of the issue of county highway bonds and accrued interest recently purchased by those institutions. The bonds were issued for the purpose of covering the expense of the improvements to be made to the Appleton-Seymour road and the Bear Creek-New London road.

### "PICK IT UP" SLOGAN CREATING INTEREST

Considerable interest is being created by placards bearing the legend, "Pick it up" which have been placed in many business houses by the city beautiful department of Appleton Woman's Club. Members of the department will announce the meaning of this slogan within a few days.

A meeting of the department is to be held this evening at the Free Public Library. The session is to begin at 7:30 o'clock.

### LITTLE CHUTE BANK DOUBLES ITS CAPITAL

The rapid growth of the Bank of Little Chute led the stockholders to double the capital stock at a meeting held last evening. The original was \$15,000 and will be increased to \$30,000 as soon as the articles of incorporation can be amended. The bank has a surplus of \$10,000, according to reports, and undivided profits of considerably more than that figure.

### BIG TREES DANGEROUS WHEN WIND IS STRONG

The trunk of a large tree in the athletic field of the Y. M. C. A., which was cut down yesterday, was so badly decayed that it is a wonder it was not blown down by the wind years ago. With the exception of three inches next to the bark the trunk was almost worthless even for firewood. A tree which the city engineer says ought to be removed before it does considerable damage by being blown down by the wind is located close to the curb at the northeast corner of Oneida and Lawrence streets. It is badly decayed and to make matters worse it is partially surrounded by a network of electric wires.

### 200 MEMBERS ON FIRST DAY OF GAM CAMPAIGN

Membership of the Ontonagon County Fish and Game Protective Association has soared over the 200 mark since the meeting Monday evening when plans for an intensive drive were laid out. About half of the committee members met last evening to compare notes and it was found that the campaign got off to a good start.

Sportsmen of various townships in the county have shown a keen interest in the movement to gain a large membership for the purpose of influencing legislation favorable to fish and game propagation. They have asked that somebody be sent to their localities with the assurance that a liberal number of new members would be gained. Solicitors in Appleton have found that almost everyone they approached was willing to support the association and its aims. There will be no let-up in the drive until every prospect on the campaign lists has been visited.

### MOOSE ORGANIZE TEAMS TO GO AFTER MEMBERS

Number 13 is no ill omen to the Loyal Order of Moose. At least it would appear so from the fact that the enthusiasm for its membership drive banquet last evening was not dampened in the least by the initiation of 13 new members. This is the initial result of the campaign for 600 new members.

Further plans for securing members were discussed at the meeting in Moose hall and the climax of the season was reached when 25 men volunteered to go out and secure at least 40 new candidates for the next initiation which takes place May 16. The plan of campaign is to group the members by wards and a live captain is placed at the head of each. Keen rivalry is already in evidence.

Organization of a drill team of eight members was also perfected of which John Ross was made captain. This makes the lodge ready to handle a large number of candidates as they are secured. The banquet was served by the ladies of the order, 93 members attending.

### LAWRENCE DEBATE TO BE HELD ON SATURDAY

The Lawrence freshman-sophomore debate, postponed from last Saturday night, will be held Saturday night, May 1, in the old chapel. The debate was postponed because of the illness of Miller Murison, whose place on the sophomore team will be taken by Harvey Fisher. The other members of the sophomore team are Charles LeRicheux and Morton Schaeffer. Members of the freshman team are Karl Windesheim, Leonard Vincent and Carl Trever.

The question for debate is: "Resolved, that Congress should enact legislation prohibiting immigration for two years beginning Jan. 1, 1921. The sophomores will uphold the affirmative side.

### HACKBERT WINS FIRST IN SPEAKING CONTEST

Harlan Hackbert won first place in the extemporaneous speaking contest at the high school Tuesday night. Second place was won by Dallas Jensen, third by Frank VanWick, and fourth by Richard Nelson. The judges were Miss Marie Mayre, Miss Augusta Jayne, and B. W. Wells, all of the school faculty. The contest was under the direction of B. W. Wells.

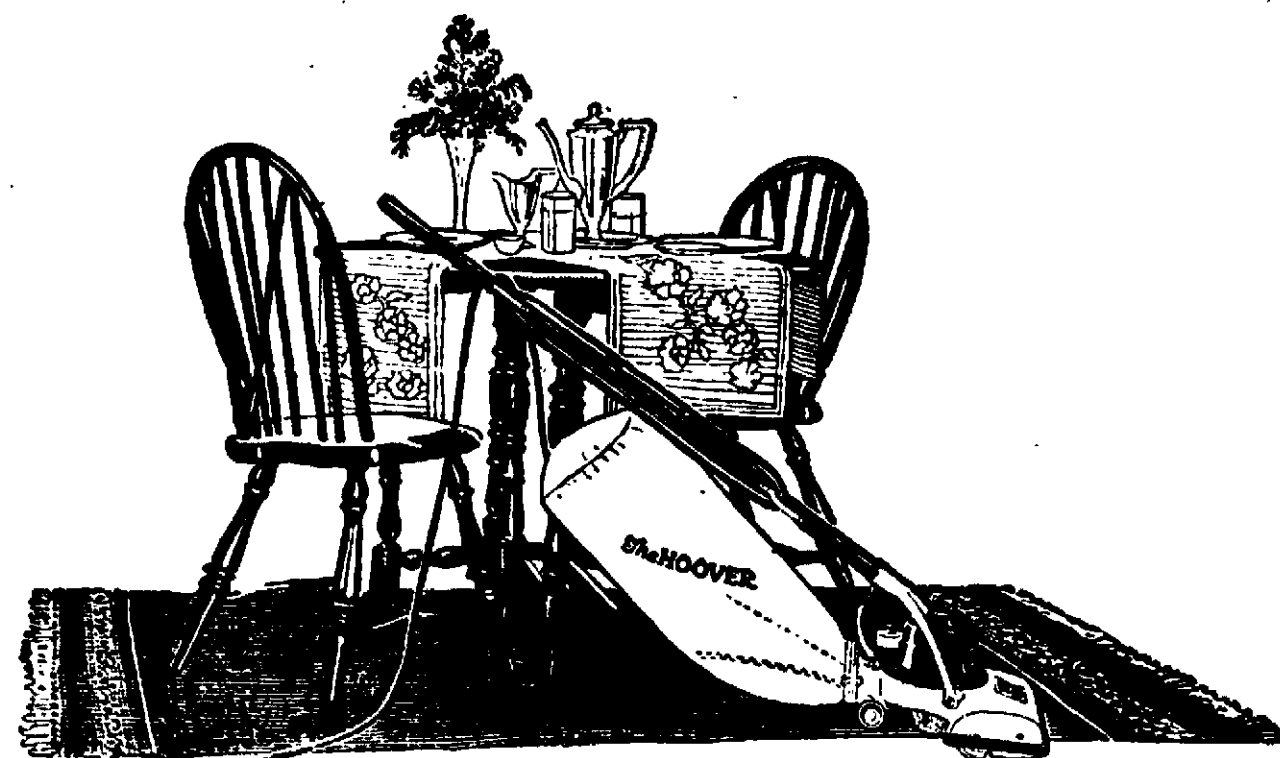

The winners last night will compete with the victors in the two previous contests in the final contest Thursday night to determine the school championship. Margaret Abraham, Roger Tuttrup, Margaret Lynne, Ralph Muller, Walter Coocks, Sidney Sollinger, John Showalter and Ralph McGowan are the others eligible to participate in the finals.

### SURVEY COMMITTEE IS READY TO START

The survey committee representing various Appleton social groups met at four o'clock yesterday afternoon at the Home Service office of the Red Cross. Survey committees for the towns and villages of the county were appointed. Work on the survey will start Monday, May 3. At that time Miss Verna Elmer of the Central Division of the American Red Cross and Mrs. L. H. Moore will take personal supervision over the committees which are to investigate health and social conditions in all part of Ontonagon county.

Ind Gorman, Neenah, will meet Jack Ward, Chicago scrapper, in his comeback attempt at Fond du Lac May 5. Gorman has been out of the ring for the last year, but under the management of Patsy Callahan, is being groomed for a return which may take him to a front rank among the heavyweights. The Gorman-Ward match will be the semi-wind-up bout of an all-star card.

## THE PETTIBONE-PEABODY CO.

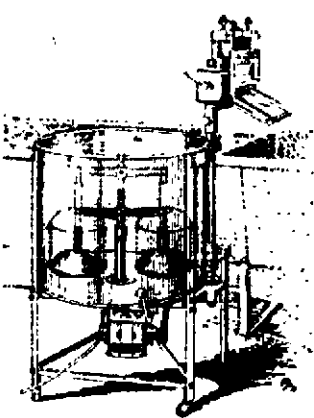

In the soft shadings and delicate tracings of a fine rug lies its call for admiration. The maintenance of these charms is an important function of The Hoover. Rapidly, its electric sweeping reveals anew the colorings dimmed by soot, and brushes straight any nap disarranged by heels. At the same time it beats out all destructive embedded grit, collects stubborn, clinging litter and thoroughly suction cleans. Only The Hoover does all this. And it is the largest selling electric cleaner in the world.

# The HOOVER

IT BEATS... As It Sweeps As It Cleans

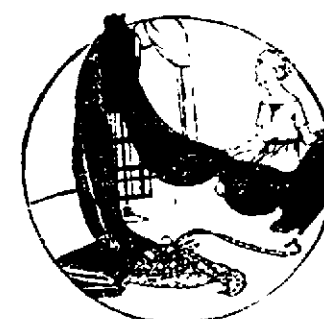

Pettibone's will gladly demonstrate The Hoover in your home or at the store, without obligation. Convenient terms if desired. Prompt consideration is advisable as the popularity of The Hoover makes it difficult to keep them in stock.

## Let the "EASY" Do Your Family Washing

The "EASY" Vacuum Electric Washer will wash the daintiest of materials without injuring them. It leaves woollens and flannels soft and downy. The washing is not only clean but sanitary. The gas burner underneath keeps the water hot. Telephone Third Floor, Pettibone's, for demonstration.

## Popular Priced Tub Fabrics For Summer Dresses

The Cotton Goods Section in the Economy Basement offers a variety of pretty cotton materials for cool summer dresses.

John Van Dyke is putting a new roof on his barn.

George Vandenberg was appointed road commissioner for this town by the town board Friday. Mr. Vandenberg will serve seven months at a salary of \$198 per month.

Martin Schmit submitted to a serious operation for a triple hernia. His condition is critical as yet.

Pat. J. Garvey and Miss Mary Williamson attended the funeral of their cousin, Mrs. Charles Haebig, at West Bend Friday.

Mrs. John Williamson is suffering with the grip.

Mr. and Mrs. Henry Verhagen attended the funeral of William Coonen, who was killed in an automobile accident at De Pere Thursday. Mrs. Verhagen is a sister of the deceased.

Mrs. John G. Jansen and son Paul of Little Chute, spent the week end with Mrs. Jansen's mother, Mrs. James P. Garvey.

John Scholl and crew will start working at Shiocton Thursday on a ditch which they started last fall for the Garden Land Co. The ditch when completed will drain 3,000 acres of land owned by the company, which is otherwise under water most of the year.

Miss Viola Nabberfelt is confined to her bed with a severe cold this week.

MAKES OWN POISON—IT DOESN'T WORK  
(Special to Post-Crescent)  
Spokane—Lucy Martinez, Mexican, arrested for a misdemeanor, attempted suicide here by drinking a solution she made of the lead of an indestructible pencil in water. Stomach pump. Recovery.

## "It Will Surprise You" says the Good Judge

When you learn how long a little of the Real Tobacco Chew lasts. How long it holds its rich tobacco taste. The real satisfaction. The money saved. Any man who uses the Real Tobacco Chew will tell you that.

### Put Up In Two Styles

RIGHT CUT is a short-cut tobacco  
W-B CUT is a long fine-cut tobacco

Weyman-Brown Company, 1017 Broadway, New York City

Nothing but the pure cold water

SCRUBBING-BRUSHES, Soaps and Cleaning-Compounds may be entirely dispensed with if your floors are finished with FLOORENE. An occasional mopping with clear cold or warm water is all that is required to keep them in perfect condition.

There never was a better name for a floor varnish—Nor was there ever a better varnish for floors:

## Floorene

FLOORENE is not a cheap varnish, but it is economical because it wears, and wears, and wears.

FLOORENE is also suitable for Linoleum and all interior wood-work. It reflects a finish of the very highest quality. If you are going to build or have your floors refinished, insist on FLOORENE—you will not regret it.

## Cut Baking Costs

Start economy in the kitchen, reduce the cost of baking—save and serve the purest, most wholesome of foods.

Use the Baking Powder that saves materials it is used with. Calumet Baking Powder never fails—always produces perfectly raised, delicious bakings.

There is no waste—no failures.

Call for Calumet Baking Powder.

## DARBOY THESPIANS WIN LAURELS IN THEIR PLAY

(Special to Post-Crescent)  
Darboy—Frank Dieringer received a telegram Thursday announcing the death of his cousin, the Rev. Norbert Dieringer at Sacred Heart hospital at Milwaukee. The funeral will be held Tuesday morning. Mr. and Mrs. Frank Dieringer will attend the funeral.

Henry Wittman purchased the farm of Nic Fritz and moved his family there on Friday.

Invitations have been issued for the wedding of Miss Trace Borsche and George Palm. In the evening a reception will be given at Ottman's hall at Lake Park.

A dance will be held at Little Chicago April 28. Mill's orchestra will furnish the music.

Mr. and Mrs. Philip Hartzheim of

## CAN'T TRACE SOURCE OF TYPHOID FEVER CASES

Neenah.—Health authorities here are endeavoring to trace the source of several cases of typhoid fever, which have developed during the last week, but thus far have been unsuccessful. The milk supply was at first suspected but the health department has failed to attach blame there. Samples of the city water will be examined, but the possibility that this is the disease carrying medium is regarded as remote.

## WILL HOLD COURSE IN LAND CLEARING

Marquette, Wis.—The University of Wisconsin, under the auspices of the Marquette County Land Clearing association, will hold a land clearing short course on the Stewart farm at Cedarville, almost the exact center of Marquette county. The school will open Wednesday, May 7, and will consist of seven two-day sessions at which actual land clearing work will be the principal feature.

## SALMON TROUT EGGS SHIPPED TO BAYFIELD

Ashland, Wis.—A half million salmon trout eggs from Seattle have been shipped to the Bayfield hatchery and are being distributed to inland lakes and streams. Twenty-five cans were placed in Long Lake this week. The salmon trout grow to ten or twelve pound size, and appear to thrive equally in fresh or salt water. Some salmon trout eggs were planted near Duluth by the government a few years ago, and quite a number are being caught in Lake Superior now.

## TWO GERMAN PAPERS SOLD TO THE MILWAUKEE HEROLD

Fond du Lac.—William E. Weber, publisher of The Nordwestlicher Courier in this city, and of The Wisconsin Telegraph at Oshkosh, has sold both papers to The Germania Herold Publishing company of Milwaukee. The Nordwestlicher Courier was established in May, 1871, by Dr. Carl E. Hass. In April, 1878, Mr. Weber became publisher of the paper.

Mr. Weber took over The Wisconsin Telegraph at Oshkosh ten years ago. The Telegraph was in circulation for 54 years and this marks the fiftieth anniversary of The Courier.

**MRS. M. E. PROCTOR**, who says she is so grateful for what Tanlac has done for her that she wants the whole world to know about it. Declares her complete recovery after so many years of suffering seems too good to be true.

"I am so grateful for what Tanlac has done for me that I want to tell the whole world about it," said Mrs. M. E. Proctor, of 717 W. First St., Los Angeles, Calif., when speaking of the splendid results she had obtained from the medicine. "To think that I should have suffered for so many years, and spent hundreds of dollars in vain efforts to get relief and then find complete relief after taking only four bottles of Tanlac, seems too good to be true."

"Yes, indeed; for years and years I suffered terribly from stomach trouble. Everything I ate seemed to form gas and so affected my heart and breathing that I would have palpitation and would turn purple in the face in my efforts to get my breath. These attacks caused me intense suffering and were so bad that I was frequently confined to my bed and would have to be attended by some member of the family for fear I should succumb during one of the attacks. "I got awfully thin and was so hold duties. I often went for two weeks at a time without getting a good night's sleep and as a consequence became very nervous and low-spirited. In fact, I was a confirmed invalid and my friends did not expect me to live very long."

"I sat reading the paper one evening when my eye caught the statement of a lady who had suffered with similar trouble to my own and telling how she had been wonderfully helped by Tanlac. I sent for a bottle and started taking it and the results have been most surprising. "My appetite is splendid now and I can eat most anything without any distress afterward. The gas has stopped forming and I no longer have palpitation or that smothering feeling. I sleep sound all night long and get up feeling rested. I am in better health today than I have been for forty years and I feel years younger. "I don't believe there ever was as good a medicine made as Tanlac." Tanlac is sold in Appleton by John E. Voigt, P. O. Town, Shiocton; Dr. J. M. Sattler, Bear Creek. adv

## FOR SALE OR EXCHANGE

The Council reserves the right to reject any or all bids. Dated April 22nd, 1920. E. L. Williams, City Clerk. 4-23-24-28-30-30

## CHILDREN RISK DEATH PLAYING WITH DYNAMITE

**Grand Rapids**—Twenty-nine grade school children were found to have dynamite caps in their possession while attending school one day last week. One cap, practically chewed to pieces, was handed over by one little girl.

All of the caps were found in a paper bag in a wagon box near the school house by a first grade girl, who innocently distributed them among her friends, who carried them around two days before the dangerous situation was revealed. One of the girls was found to have five caps in her possession.

Chewed, dented, torn and mutilated, the caps came in, one by one, in every conceivable condition, bearing the teeth marks of the little first and second graders who had innocently mutilated them. The fact that none of them exploded is considered a miracle.

## FORMER CONGRESSMAN RETIRES FROM OFFICE

**Sturgeon Bay, Wis.**—After a political life covering a half a century, during which time he was congressman for successive terms, state senator, assemblyman, and holder of various other offices, Edward S. Minor, completed his term of mayor of this city and has retired to private life.

Besides these various positions he held many important positions of trust in honor in his own community at various times. His political life stretches over a half century of public service, and he is undoubtedly one of the greatest political figures in Wisconsin. First and all the time he was a republican and during the zenith of his political career was a national figure, a personal friend of the late ex-President Roosevelt and other big men of the country.

## INTOXICATED AUTO DRIVER IS FINED \$100

**Oshkosh, Wis.**—George Holland of Eureka township, evidently knows where and how to get a drink with a good sized kick in it.

Sunday he drove an automobile in a wild ride on West Algoma street, and when the dust cleared away it was found he had injured Adam Repp and son, Edwin, who were riding bicycles, and had damaged a taxicab at the curb, besides partially wrecking his own machine. He was arrested in a West Algoma saloon, in company with James O'Rourke, also from the country, who was with him on the ride.

Holland pleaded guilty in Municipal court of driving an automobile while intoxicated, and was fined \$100. He settled for half the amount. The elder Repp was taken to a hospital with hurts that are serious.

## ASPIRIN FOR HEADACHE

Name "Bayer" is on Genuine Aspirin—say Bayer

Insist on "Bayer Tablets of Aspirin" in a "Bayer package," containing proper directions for headache, colds, Pain, Neuralgia, Lumbago and Rheumatism. Name "Bayer" means genuine Aspirin prescribed by physicians for nineteen years. Handy tin boxes of 12 tablets cost few cents. Aspirin is trade mark of Bayer Manufacture of Monaceticacidester of Salicylic acid.

## SOX LOSE FIRST GAME OF YEAR TO CLEVELAND

CLEVELAND—Chicago suffered its first defeat of the season on Tuesday, losing to Cleveland by 3 to 2 in a pitchers' contest between Coveleskie and Faber. Chicago scored both its runs in the sixth by coaching hits. Score: Cleveland 3, Chicago 2.

## CINCINNATI REDS WIN FROM THE CARDINALS

CINCINNATI, O.—Hus by Rath, Dabbert and Broth, with a wild throw by Jannin gave Cincinnati two runs in the first inning on Tuesday and they scored another in the third on two passes and a hit by Kopf, beating St. Louis by 2 to 1. The Cardinals scored their two runs on a single by Hornsby, a base on balls and a two-bagger by Clements. Score: Cincinnati 2, St. Louis 1.

## SAINTS SUFFER FIRST DEFEAT: BLUES WIN, 7-2

ST. PAUL—St. Paul suffered its first defeat of the season on Tuesday when Kansas City took the first game of the series, 7 to 2. The batting of Roche and Good was a feature. Evans relieved Johnson in the second inning and held St. Paul to one scratch hit during the remainder of the game. Score: Kansas City 7, St. Paul 2.

## CANADA IS FIRST TO WIN OLYMPIC CONTEST

By United Press Leased Wire  
Antwerp—Canada was the first nation to score an Olympic triumph here when the hockey team from the Dominion won the final game from the Swedish team by a score of 12 to 1. By the system of scoring here, second honors do not go to the runner-up but are contested for. The American team will play Sweden tonight and the winner will meet Czechoslovakia tomorrow. Finland won first place in the figure skating contests; Norway was second, England third and the United States fourth.

See the Point?  
Said the observing feller, "Newspaper cannot be guilty of prevarication as long as they get proof of everything they say."—Indianapolis Star.

## FAIR SEX HAVE OWN WOOD HITTING FEST

Women's National Bowling Tournament is on at Chicago—Teams From Oshkosh and Burlington Among Entries.

(Special to Post-Crescent.)  
Chicago. — Anybody who thinks bowling is too strenuous for women should watch the 500 women from all parts of the United States roll up "man-size" scores in the Women's National Bowling Tournament here, starting April 24.

This is the first time women have had an opportunity for tournament bowling of their own. Previously they bowed along with the men in the American Bowling Congress tournaments.

The lady bowler doesn't take a back seat for anybody. She makes just as many healthy scores as men. They swing a wicked ball—a 16-pound ball, too; not a miniature lady's size.

Women bowling fans expect records to be smashed by such crack bowlers as Mrs. Boidie Greenwald of Cleveland, Mrs. Blanch Husk of Newark, N. J., and Mrs. Frances Steib of Detroit.

Mrs. Greenwald recently at Cleveland bowled a perfect score of 300 in match play. Many regard her as the best woman bowler in the country.

Mrs. Husk is national women's champion. In the A. B. C. tourney at Toledo she won the individual event and also had the highest score among women in all events.

Mrs. Steib is former national champion. In the 1918 A. B. C. tourney at Cincinnati she won the individuals and, with Mrs. L. M. Butterworth, the doubles.

Entries for the tournament include 84 five-women teams, 180 doubles and 350 individuals. Entries come from as far east as New York and as far west as California, Cleveland and Milwaukee are bidding for the 1921 women's tourney.

Women's bowling associations exist in Chicago, Cleveland, Milwaukee, St. Louis, Toledo, New York, Detroit, Indianapolis, Peoria, Omaha, Kansas City, Albany, Cincinnati, Columbus, South Bend, King City, Cal.; Rockford, Ill.; Burlington, Wis.; Oshkosh, Wis.; and Elmhurst, Ill. Entries also are in from Kalamazoo, Mich.; Mason City, Iowa, and Newark, N. J.

Officers of the Women's National Bowling Association are Mrs. Zoe Quin, Chicago, president; Mrs. T. M. Hill, St. Louis, and Mrs. Goldie Greenwald, Cleveland, vice presidents; Mrs. M. Kelly, Jr., St. Louis, secretary, and Mrs. O. C. Berghaus, St. Louis, treasurer. The Chicago Woman's Bowling Association, of which Mrs. J. W. Casey is secretary,

will entertain the visiting women bowlers.

## COMBINED LOCKS HAS STRONG BALL TEAM

Combined Locks "Sammies" baseball team gave the Kaukauna valley leaguers a tough battle in a practice game Sunday afternoon, holding the Electric city crew to a 9 to 8 score. Haas and Minkebege comprised the battery for the leaguers, while Smith, Meyers and Wenzel did the heavy work for the Sammies.

The Sammies have issued a challenge to any team in the valley. Games can be secured by addressing the Combined Locks Sammies, Combined Locks.

## MONROE COUNTY WILL HAVE FOUR-DAYS' FAIR

Tomah, Wis. — At the annual meeting of the Monroe County Fair association it was decided to hold a four days' fair this year, opening Aug. 24.

E. E. Wyatt was elected president of the association; William Brennan, vice president; F. Rehberg, secretary, and W. E. Bosshard, treasurer.

Plans were outlined for entertainment attractions and the president appointed the following to take charge: F. L. Pieling, Mr. Bosshard and Joseph Keller.

## FAMOUS PARK WILL BE SOLD AT AUCTION

Sheboygan, Wis.—Born's Park and sanatorium, which for 40 years was visited by invalids from all parts of the country, will be sold under the hammer by the sheriff on June 7, foreclosure of mortgage having been brought by Emil Clarenbach, trustee. Recently the city was offered the

park for \$40,000, but the council refused to take action. A referendum vote was demanded, but the mayor's veto prevented it.

## AUTOMOBILE DAMAGED IN CRASH MONDAY NIGHT

Automobiles owned by William Recker, Cherry street, and Mr. Lyons of Hortonville, collided at the corner of College Avenue and Superior streets shortly after six o'clock Monday night, breaking the axle of the Recker car. No one was injured.

97 WIS. ST. PATENTS

## Don't Expect to be Cured of Fiery Skin Diseases

By Old-Time, Out of Date Methods of Treatment.

Usually those who continue to suffer from stubborn ailments are those who refuse absolutely to heed the teachings of medical science. New discoveries are being constantly made, and those who fail to take advantage of the wonderful accomplishments of men of science will continue under the handicap of disease.

Your eczema, tetter, boils, pimples, acne, scaly skin eruptions, and burning fiery irritations that cause so much discomfort by their terrifying itching, come from a tiny disease germ in your blood, which multiplies by the millions. These germs find some weak spot where they can break through the skin and set up their attack, and if you have ever had any form of these skin disorders, you know what real torture is.

The reason these disorders appear so stubborn and hard to get rid of, is because they are not given the proper sort of treatment. In other words, the irritation and itching becomes so intense that the patient thinks only of relieving this discomfort, instead of directing his efforts toward getting rid of the cause of it all. Hence the constant use of lotions, salves, soaps and ointments can make no

impression whatever on your trouble, other than to afford some temporary relief.

But why be content with mere temporary relief? Are you not desirous of being permanently rid of this annoying trouble that is a source of such constant torture? Wouldn't you give almost anything to be once more free from the itching and burning that makes your skin seem like it was on fire?

Then throw aside at once such makeshift treatment that can only reach the surface, and begin taking a remedy that goes direct to the source of your trouble. Go to your drug store, get a bottle of S.S.S. and begin a thorough course of this fine old blood medicine that kills the germs that creep into the blood and cause all of your skin discomfort. S.S.S. is a purely vegetable compound, made from roots and herbs of recognized medicinal value. It so thoroughly cleanses and purifies the blood that the germs of disease are eliminated, and then real relief comes.

This fine old remedy is the same and sensible treatment for your skin disease, as you will find by giving it a trial. If your case should need special advice, it can be had without cost to you, by writing to Chief Medical Adviser, 14 Swift Laboratory, Atlanta, Ga.

# WAR STAMP SALES ARE INCREASING

MORE THAN \$600,000 WORTH OF WAR SAVINGS STAMPS ARE HELD IN OUTAGAMIE COUNTY

While stocks and bonds flatter and fluctuate, the owner of War Savings stamps sits back and enjoys the security of his investment. The stable nature of this saving plan has made it more popular than ever, as figures compiled at the postoffice show.

Over \$600,000 worth of stamps are held by people of Outagamie county now and 1,579 people have registered their stamps at the postoffice. Out of an aggregate sale of \$740,000 it is shown that most of the purchasers hold their stamps.

The chief argument in favor of the War Savings stamp is that there is no fluctuation in its value. It never decreases but its value goes up each

month it is held. The government has pushed it as the best investment for the small investor and a new interest has recently been awakened and more are being purchased now than ever.

Many people find the solution of their tax, interest and insurance payments in the stamp idea. They buy a certain number at regular periods and when the bills become due, they bring them to the postoffice to be cashed and receive interest up to date even if they have been held only a month. All stamps are cashable on ten days notice without any loss of interest or value.

Stamps sold in the month of May cost \$4.16 and mature in 1925, at which time they will be worth \$5. They have become the means of a permanent thrift program of the government, a new issue being made each year.

On the plea that their work called for intelligence, a burglars' club in Leipzig wrote to a local newspaper presenting its members being called "rascals."

# WAR IN CONGRESS OVER MILITARY LAW

NATIONAL EMERGENCY CLAUSE IS LOOP HOLE FOR CREATING POWERFUL LEGAL MACHINE

(By Charles T. Hallahan)  
By United Press Leased Wire  
Washington, D. C.—Now that compulsory military training has been laid to rest, at least temporarily, the next big fight in Congress will arise over the attempt to fasten a permanent draft law upon this country, operative not only in war-time, but at any time when the administration decides to invoke it; actually, a powerful legal machine for strike-breaking.

The army reorganization act, now being discussed in the Senate, contains some curious language. It provides that "Whenever Congress shall declare and the president shall proclaim that a national emergency exists," all male citizens between the ages of 18 and 45, inclusive, "shall be subject to call for immediate military or navy service."

**Permanent Draft Law**  
Then follows a series of minor regulations setting up the familiar draft machinery and perpetuating it, beyond hope of appeal.

The phrase "national emergency" is hardly the language of a soldier. If purely military ends had been in the mind of Senator Wadsworth and his colleagues it is argued that the bill would read, "Whenever Congress shall declare and the president shall proclaim a state of war to exist." The phrase "national emergency" suggests that the bill was drafted with certain uses in mind, entirely apart from national defense.

**Manufacturing "Reds"**  
Briand, when premier of France, smashed the railway strike of 1910 by the simple device of declaring a "national emergency" to exist and by summoning the striking railway workers "to the colors." Once under military control, the strikers were promptly ordered back to work, the ringleaders who stood out were court-martialed and the strike collapsed.

The ultimate result was that the railroad workers turned from being a conservative group of state employees to the most radical of the reds and the "conventers in Europe of syndicalism and sabotage."

Briand's victory was a costly one for the conservative regime in France. The House army bill contains nothing similar to the "national emergency" clause of the Senate measure, and there would be strong opposition to the establishment of a permanent draft law of any kind. It is believed that the Senate will recede from its position on this point.

# U. S. SHIP TAKES YANKS FROM MEXICO

OPPORTUNITY TO LEAVE WAR-RING NATION IS PROVIDED — REBELS CAPTURE TWO TOWNS

By United Press Leased Wire  
Washington.—All Americans who desired to depart left Mazatlan on the west coast of Mexico, April 23 on the steamer Senator, which is due at San Pedro, Calif., tomorrow, the state department was advised today.

A clash between rebel and federal forces for possession of Mazatlan is now thought to be imminent.

**Rebels Capture Supplies**  
Washington.—Capture by Mexican rebels of two towns and two federal military trains was claimed by General Alvarado, revolutionary representative here today.

The Mexican embassy continued to view the situation calmly and officials expressed belief Carranza's control of Mexican affairs was still unshaken. The embassy had been without advice for several days, however.

Rebels took the towns of Mier and Guerrero in Tamaulipas, according to Alvarado.

They are on the United States border east of Nuevo Laredo.

The federal troop trains reported taken were part of the command of General Pablo Gonzales, presidential candidate, and were seized by the rebels between Cuernavaca and Iguala near Mexico City.

**Rheumatic Pains**  
Quickly Eased By Penetrating Hamlin's Wizard Oil

A safe and harmless preparation to relieve the pains of Rheumatism, Sciatica, Lame Back and Lumbago is Hamlin's Wizard Oil. It penetrates quickly, drives out soreness, and limbers up stiff aching joints and muscles. You will find almost daily uses for it in cases of sudden mishaps or accidents such as sprains, bruises, cuts, burns, bites and stings. Just as reliable, too, for earache, toothache, cramp and colic.

Get it from druggists for 30 cents. If not satisfied return the bottle and get your money back.

Ever constipated or have sick headache? Just try Wizard Liver Whips, pleasant little pink pills, 30 cents. Guaranteed.

# 60 Ton Miles of Motor Truck Freight Per Person

DURING 1917 (latest authentic figures available) motor trucks hauled 60 tons of freight a mile for every person in the United States.

Then the country was at war and the capacity of the railroads was overtaxed.

It is doubtful if even a small percentage of this enormous tonnage could have been moved except by motor trucks.

The management of the Standard Oil Company (Indiana), recognizing the necessity of furnishing facilities for supplying gasoline to automobiles and trucks as they traveled through the country, established Service Stations at convenient points throughout the territory served.

These Service Stations perfected the system of distribution maintained by the Company.

The drivers of this caravan of motor trucks which carried the 6 billion ton miles of freight in 1917 would have found their task more difficult of accomplishment had it not been for the network of Service Stations along the way.

While the Standard Oil Company was supplying a substantial share of the fuel consumed by these motor trucks, it also was supplying its regular patrons, and meeting the demands of the United States Government with great quantities of gasoline for war purposes.

Its preparedness and its ability to meet an emergency, however unheralded the emergency may be, serves to emphasize one of the salient phases of the bigness of the Standard Oil Company (Indiana).

# NEW POLITICAL PARTY ISSUES CONVENTION CALL

Committee of Forty-Eight Summons Meeting in Chicago in July to Launch Liberal Party

By United Press Leased Wire  
Chicago.—The official call for a national convention to be held here July 10, 11, 12 and 13, to launch a new political party to contest in the November elections was issued here today by the Committee of Forty-Eight.

The call declares the two major parties "will do the bidding of the interests that filled its campaign coffers," and that they are "rival lackeys to great monopolies, that they are bankrupt of democratic purpose."

The convention is purposely held after the nominating conventions of the two major parties. Committee of Forty-Eight leaders here explained today.

Candidates selected by the republican and democratic parties will determine whether the new party shall offer a candidate, they said. A fight will be made, however, for representation in congress.

The convention call follows the preliminary session of "liberals," held last fall in St. Louis.

# EMIGRATION IS REDUCING POPULATION OF COUNTRY

Figures Show That Population Is Dropping as Foreigners Return Home—Mexicans Replace Europeans as Section Hands

(By George B. Waters)  
By United Press Leased Wire  
Washington, D. C.—America is losing population, for the time since 1907, immigration and emigration figures show.

For the five months of July, August, September, October and November, latest compiled by the Immigration Bureau—the immigrants to America totaled 125,000. The emigrants num-
